The bill requires in FY 2023-24:

- DHS to contract a third part to develop a public and medical assistance program funding model to determine the amount of money necessary to fund county administration.

The bill requires in FY 2025-26:

- Use of the funding model to determine the allocation to counties for county administration.

The bill's fiscal impact includes the following appropriations:

FY 2022-23:

- \$240,000 total funds, including \$120,000 General Fund and \$120,000 federal funds, to the Department of Human Services; and
- \$160,000 total funds, including \$48,120 General Fund, \$31,880 cash funds from the Healthcare Affordability and Sustainability Fee Cash Fund, and \$80,000 federal funds.

The FY 2023-24 impact of the bill includes:

- \$360,000 total funds, including \$180,000 General Fund and \$180,000 federal funds, to the Department of Human Services; and
- \$240,000 total funds, including \$72,180 General Fund, \$47,820 cash funds from the Healthcare Affordability and Sustainability Fee Cash Fund, and \$120,000 federal funds.

If the Committee elects to introduce LLS 22-0991 as drafted, JBC staff requests permission to add the appropriation clause to the bill prior to introduction.

In addition, JBC staff and OLLS staff request permission to make technical corrections to the bill draft prior to introduction.
