

Hi Brita and Jennifer,

Pursuant to section 23-41-209 I am writing on behalf of M.W. Scoggins, President of Colorado School of Mines to notify the Revisor of Statutes that Colorado School of Mines has entered into a memorandum of understanding with the department of natural resources. The signed MOU is attached.

Please let me know if you require any further communication in order to ensure that part 2 of article 41 of title 23 is not repealed.

Best regards,  
Peter Han
