small businesses in the state, including those that are subject to mandatory capacity restrictions, have suffered severe declines in revenue during the pandemic;

(b) Small, minority-owned, and women-owned businesses are among those most impacted by the pandemic;

(e) As more counties in the state move to heightened restrictions on business operations to help contain COVID-19 and to protect the health of all Coloradans, it is imperative that the state provide relief to those small businesses in the most severely restricted counties in order to stem the tide of business closures, protect the state's economy and its communities, and help small businesses continue their operations and retain their employees.

(2) The general assembly further declares that the executive branch will continue to develop a framework to certify businesses that demonstrate exemplary compliance with public health orders during the pandemic through an evidence-based certification program that is aligned with the state's objectives to contain the COVID-19 virus.
