D 2020 259 EXECUTIVE ORDER

Call for the First Extraordinary Session of the Seventy-Second General Assembly

6 7 Pursuant to the authority vested in the Governor of the State of 8 Colorado, and in particular, pursuant to article IV, section 9 of the 9 Colorado Constitution, and as recognized in article V, section 7, I, Jared 10 Polis, Governor of the State of Colorado, hereby find that the following 11 extraordinary occasions exist to convene the 72nd General Assembly to 12 meet in special session.

13

12

3 4 5

14 I. Background

15 16 The Colorado Department of Public Health and Environment's 17 (CDPHE) public health laboratory confirmed the first presumptive 18 positive coronavirus disease 2019 (COVID-19) test result in Colorado on 19 March 5, 2020. I declared a disaster emergency due to the presence of 20 COVID-19 in the State of Colorado on March 11, 2020. Since then, the 21 COVID-19 Pandemic Emergency has cost the lives of over 2,300 of our 22 fellow Coloradans, has strained our public health care system and health 23 care capacity, damaged our economy, and taken a significant toll on our 24 schools and institutions of higher education.

25

26 Recent developments in vaccine research are encouraging. We can 27 envision a near future when the COVID-19 Pandemic Emergency is 28 behind us. But while the finish line is in sight, we must continue to protect ourselves and our loved ones from COVID-19. Case counts have 29 30 steadily climbed through the fall, and it has become clear that we must 31 take extraordinary measures to support Colorado's people and economy. 32 Businesses and families need assistance to get through the challenging 33 winter ahead. To meet this moment, we must make critical investments as soon as possible. Colorado small businesses and families struggling to 34 35 pay rent and their electric bills cannot afford to wait until the 73rd 36 General Assembly convenes on January 13th, 2021, which is why I am 37 calling this extraordinary session of the General Assembly.

38

39 This past fiscal year, the General Assembly passed a responsible 40 budget in a very challenging fiscal environment. Their actions, combined 41 with better than anticipated revenues during the summer months, resulted in surplus funds in the current fiscal year that we can direct to one-time 42 43 support for businesses and families impacted by the COVID-19 Pandemic 44 Emergency, while also helping to sustain our economy. I am calling this 45 extraordinary session to ask the General Assembly to consider taking 46 action in seven areas:

47

48 Small Business

49 Small businesses, including gyms, restaurants, bars, arts and culture 50 venues, and event-related businesses, such as entertainment venues, have 51 struggled to stay open at lower capacities, making it difficult to pay their 52 staff and rent. While these small businesses saw some recovery over the 53 summer when many were able to provide walk-up and outdoor service, 54 many still struggle due to lack of consumer confidence and COVID-19 55 restrictions. These challenges will likely increase through the fall and 56 winter months.

1 Child Care

2 The COVID-19 Pandemic Emergency has burdened child care 3 providers, which we know are crucial to building and sustaining a 4 thriving economy by enabling families to work and preparing children for 5 school. Colorado's fragile child care system is strained and vulnerable to a collapse due to the pandemic. Lower enrollment, required changes to 6 ensure student and worker safety consistent with health requirements, 7 8 staffing issues including quarantine measures consistent with protecting 9 the public health, sporadic closure of the schools, and other impacts of the 10 pandemic are also impacting the child care system. Based on a recent survey, at least 26% of child care facilities in Colorado may close 11 permanently without financial support, due to the pandemic. 12

13

14 Housing and Direct Assistance

Because of the federal Paycheck Protection Program, loans for small 15 16 businesses, enhanced unemployment benefits, and direct payments to 17 Americans, we have avoided a significant wave of housing evictions and 18 foreclosures. Now, though, the expiration of these programs leaves 19 vulnerable Coloradans at risk of eviction or foreclosure in the coming 20 months. We must mobilize additional resources to allow Coloradans to 21 stay in their homes in the near term and rebuild their lives in the long 22 term.

23

24 Broadband

A Colorado Department of Education and Colorado Education 25 Initiative survey demonstrated that 65,860 children lacked stable internet 26 27 access at home. While many school districts across Colorado are learning 28 in person, the most recent increase in COVID-19 cases has led other 29 school districts, including many Denver metro area school districts, to 30 switch to remote learning. Without broadband or wi-fi hotspots, these students will face significant learning loss that will have implications for 31 32 their future academic careers and lifetime earnings.

33

34 Food Insecurity

35 Demand for food assistance via food pantries and food banks has increased as a result of the COVID-19 Pandemic Emergency. The 36 37 demand appears to be correlated with unemployment and furloughs in the 38 service sector, as well as school and camp closures, and is not anticipated 39 to abate in the short-term. Meanwhile, food pantries' food resources were 40 often stretched prior to the pandemic and resulting economic fallout. As 41 dollars available for hunger relief through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and Families First Coronavirus 42 43 Relief Act (FFRCA) end in December 2020, no new federal funding is currently available to replace these funds. 44

45

46 Utilities Assistance

47 Heading into the winter, many Coloradans are unemployed, 48 underemployed, or unable to find new work. At the same time, these 49 Coloradans may have little to no savings and growing expenses due to the COVID-19 Pandemic Emergency. This segment of the population now 50 qualifies as low-income, and is at risk of being unable to afford their 51 52 utility bills over the coming months. Energy Outreach Colorado applications are up 25% compared to the same time last year, and funding 53 54 allocated by the General Assembly during the prior legislative session 55 will be distributed by December 4, 2020.

1 Public Health Response

As the pandemic has entered its third wave in Colorado, additional funds are needed immediately to continue the State's robust public health response. My budget request set aside funds to ensure the State can continue to protect public health while we await additional federal stimulus and reimbursement from the Federal Emergency Management Agency.

9 In the face of federal inaction, Colorado must act now to support small
10 businesses, protect renters and homeowners, support child care providers,
11 and enable students to access remote education. We can make one-time,
12 urgently needed investments now to help these crucial sectors of our
13 economy survive the winter and sustain our economy.

14

I urge the General Assembly to act and am defining the appropriate
subject matter for legislative consideration herein. The following section
describes the purpose and need for the special session.

18

19 II. <u>Purpose and Need</u>

20

21 In the coming months, we will need to focus on suppressing the 22 spread of COVID-19 in our communities to conserve our strained 23 healthcare resources. We recognize that the lack of consumer confidence, 24 the reality of the risky health situation, and compliance with justified 25 public health measures comes at a cost to our business owners, workers, educators, and families. We therefore believe it is right and proper to take 26 27 all necessary measures to enable our residents to weather the economic 28 and logistical challenges that accompany our mitigation strategies. We are 29 calling on the General Assembly to consider taking action to fund the 30 following support programs to help minimize the disruptions caused by 31 our COVID-19 emergency response:

32

33 A. The General Assembly should consider taking legislative action 34 to provide direct support and emergency tax relief to small businesses 35 impacted by the COVID-19 Pandemic Emergency. This includes but is 36 not limited to an expeditious, direct assistance funding mechanism for 37 small businesses that are operating at a significantly reduced capacity or 38 closed under public health orders. Small businesses, including gyms, 39 restaurants, bars, arts and culture venues, and event-related businesses, 40 such as entertainment venues, have struggled to stay open at lower 41 capacities, making it difficult to pay their staff and rent. The General 42 Assembly should also consider providing tax and administrative relief, 43 including sales tax retention, for certain small businesses, including 44 restaurants and bars. The General Assembly should consider allowing 45 these certain small businesses to retain up to \$2,000 per month of the 2.9% gross state sales tax collections they already collect and should 46 47 allow for the waiver of certain fees associated with the sale of liquor and 48 enforcement and the operation of a restaurant, including retail food 49 establishment licensing fees administered by CDPHE and Colorado 50 Department of Revenue.

51

52 B. The General Assembly should consider taking legislative action 53 to provide housing and rental assistance and direct cash assistance for 54 individuals and families who have been impacted both directly and 55 indirectly by the COVID-19 Pandemic Emergency through existing 56 funding mechanisms such as the Property Owner Preservation program (POP), the Emergency Housing Assistance program (EHAP), the
 Workers Left Behind Fund (WLBF), the Housing Counseling Assistance
 Program (HCAP), homeless youth programs, and direct cash assistance.

5 C. The General Assembly should consider taking legislative action 6 to provide monetary assistance to new and existing child care providers 7 through existing funding mechanisms such as sustainability grants for 8 existing child care providers, and support for child care start-up or 9 expansion costs for providers located in child care deserts, demonstrated 10 need, or areas of the State hardest hit by COVID-19.

11

D. The General Assembly should consider taking legislative action to expand broadband and wi-fi access for educational purposes, especially for P-12 students and educators.

E. The General Assembly should consider taking legislative action
to provide support for food pantries and food banks so that they can
provide assistance for those experiencing food insecurity due to the
COVID-19 Pandemic Emergency.

F. The General Assembly should consider taking legislative action
to provide utility assistance to Coloradans experiencing financial hardship
due to the COVID-19 Pandemic Emergency.

G. The General Assembly should consider taking legislative action to appropriate funds to the Disaster Emergency Fund for public health expenses associated with the COVID-19 Pandemic Emergency.

28

29 III. Proclamation

30

I, Jared Polis, Governor of the State of Colorado, with this proclamation find extraordinary occasions exist to convene the 72nd General Assembly of this State and summon the members of the 72nd General Assembly to meet in Special Session at 10:00 AM on November 30, 2020, at the State Capitol, in the City and County of Denver, and designate the following specific subjects for consideration, appropriate legislative action, and funding:

38

39 A. Concerning direct support and emergency tax relief to small 40 businesses impacted by the COVID-19 Pandemic Emergency. This 41 includes but is not limited to an expeditious direct assistance funding 42 mechanism for small businesses that are at reduced capacity under public 43 health orders including gyms, restaurants, bars, arts and culture venues, and event-related businesses, such as entertainment venues; emergency 44 sales tax relief for public health order-impacted eating and drinking 45 establishments by allowing them to retain up to \$2,000 per month of the 46 47 2.9% gross state sales tax that they already collect, in order to pay for 48 expenses including employee pay, rent, and overhead; and allowing for 49 the waiver of certain licensing fees associated with sale of liquor and fees 50 associated with the establishment or operation of a retail food 51 establishment.

52

B. Concerning housing and rental assistance to individuals and residential property owners impacted by the COVID-19 Pandemic Emergency through existing funding mechanisms such as the Property Owner Preservation program (POP), the Emergency Housing Assistance program (EHAP), the Workers Left Behind Fund (WLBF), the Housing Counseling Assistance Program (HCAP), homeless youth organizations, non-profits, and cash assistance.

9 C. Concerning support for existing and new child care providers 10 impacted by the COVID-19 Pandemic Emergency through existing 11 funding mechanisms such as, but not limited to, sustainability grants for 12 existing child care providers and support for child care start-up or 13 expansion costs for providers located in child care deserts or areas of the 14 State hardest hit by COVID-19.

D. Concerning expanding broadband and wi-fi access for
educational purposes, especially for P-12 students and educators impacted
by the COVID-19 Pandemic Emergency.

19

E. Concerning support for the existing food pantry assistance grant program within the Department of Human Services to aid Colorado food pantries and food banks in the purchase and allocation of food to serve those who have experienced financial hardship caused by the COVID-19 Pandemic Emergency.

25

F. Concerning assistance for individuals unable to pay their utility bills due to financial hardship caused by the COVID-19 Pandemic Emergency, including support to the Energy Outreach Colorado low-income energy assistance program.

30

G. Concerning appropriating funding to the Disaster Emergency
 Fund for public health expenses associated with the COVID-19 Pandemic
 Emergency.
