CONCERNING THE FINANCING OF PUBLIC SCHOOLS, AND, IN CONNECTION THEREWITH, MAKING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) The annual total program funding of Colorado's schools is a collaborative effort between school districts and the state;

Capital letters or bold & italic numbers indicate new material added to existing law; dashes through words or numbers indicate deletions from existing law and such material is not part of the act.
(b) In recent years, the stabilization of the state budget has required a reduction in the amount of the annual appropriation to fund the state's share of total program funding for all school districts and institute charter schools. This reduction is commonly referred to as the "budget stabilization factor".

(c) The school districts' share of total program funding is primarily derived from nonresidential and residential property tax revenue.

(d) Colorado's current economic conditions are mixed. While property values have grown significantly, inflation has grown at its quickest pace in at least forty years. Because the school finance formula grows based upon inflation, there exists increasing state obligations to fund total program due to inflation that do not include a full buy-down of the budget stabilization factor. Furthermore, there is an expectation that inflation will not normalize until 2024, resulting in above normal per-pupil funding growth until the 2025-26 budget year.

(e) Colorado's current economic conditions have also limited the amount of state education funds available to the state for the 2023-24 budget year. Colorado's wage growth is currently slowing, and the latest office of state planning and budgeting forecast predicts job losses in the 2023-24 budget year. Consequently, there is an expectation that income revenue will decline for the 2023-24 budget year, which impacts the money available for diversion from the state education fund.

(f) There is, however, a great deal of uncertainty concerning the continuity and longevity of these current economic conditions. Most economists consider the risk of recession to be elevated. A recession would further limit money available for diversion in the state education fund and reduce available general fund resources. Furthermore, a recession would negatively impact the revenue available for total program from local share, due to potential declining property valuations, which consequently would increase the amount of money required of the state to fully fund total program, despite a decrease in state revenue.

(2) Therefore, the general assembly declares that it is committed to continuing the efforts to reduce the budget stabilization factor in subsequent budget years to the degree possible, subject to the economic landscape. By embracing a more measured approach, the state can avoid reinstituting a
budget stabilization factor if the economic environment takes a more negative turn than what is currently forecasted.

SECTION 2. In Colorado Revised Statutes, 22-54-104, amend (5)(g)(I) introductory portion, (5)(g)(II) introductory portion, (5)(g)(III) introductory portion, (5)(g)(IV), and (5)(g)(V); and add (5)(a)(XXX), (5)(g)(I)(N), (5)(g)(II.7), and (5)(g)(VIII) as follows:

22-54-104. District total program - definitions - repeal. (5) For purposes of the formulas used in this section:

(a) (XXX) For the 2023-24 budget year, the statewide base per pupil funding is $8,076.41, which is an amount equal to $7,478.16, supplemented by $598.25 to account for inflation.

(g) (I) For the 2010-11 budget year and each budget year thereafter through the 2023-24 budget year, the general assembly determines that stabilization of the state budget requires a reduction in the amount of the annual appropriation to fund the state's share of total program funding for all districts and the funding for institute charter schools. The department of education shall implement the reduction in total program funding through the application of a budget stabilization factor as provided in this subsection (5)(g)(I). For the 2010-11 budget year and each budget year thereafter through the 2023-24 budget year, the department of education and the staff of the legislative council shall determine, based on budget projections, the amount of such reduction to ensure the following:

(N) That, for the 2023-24 budget year, the sum of the total program funding for all districts, including the funding for institute charter schools, after application of the budget stabilization factor, is not less than nine billion one hundred million six hundred thousand nine hundred twenty-two dollars ($9,101,600,922); except that the department of education and the staff of the legislative council shall make mid-year revisions to replace projections with actual figures, including but not limited to actual pupil enrollment, assessed valuations, and specific ownership tax revenue from the prior year, to determine any necessary changes in the amount of the reduction to maintain a total program funding amount for the applicable budget year that is consistent with this subsection (5)(g)(I)(N). For the 2024-25
BUDGET YEAR, THE DIFFERENCE BETWEEN CALCULATED STATEWIDE TOTAL PROGRAM FUNDING AND ACTUAL STATEWIDE TOTAL PROGRAM FUNDING MUST NOT EXCEED THE DIFFERENCE BETWEEN CALCULATED STATEWIDE TOTAL PROGRAM FUNDING AND ACTUAL STATEWIDE TOTAL PROGRAM FUNDING FOR THE 2023-24 BUDGET YEAR.

(II) For the 2010-11 budget year and each budget year thereafter through the 2023-24 BUDGET YEAR, the department of education shall:

(II.7) FOR THE 2024-25 BUDGET YEAR AND EACH BUDGET YEAR THEREAFTER, THE DEPARTMENT OF EDUCATION SHALL NOT REDUCE TOTAL PROGRAM FUNDING THROUGH THE APPLICATION OF A BUDGET STABILIZATION FACTOR.

(III) For the 2010-11 budget year and each budget year thereafter through the 2023-24 BUDGET YEAR, except as otherwise provided in subparagraphs (IV) and (V) of this paragraph (g), subsections (5)(g)(IV) and (5)(g)(V) of this section, a district's total program shall be the greater of:

(IV) For the 2010-11 budget year and each budget year thereafter through the 2023-24 BUDGET YEAR, the total program funding for a district that levies the number of mills calculated pursuant to section 22-54-106 (2)(a)(II), (2.1)(b)(I)(C), or (2.1)(c)(I), whichever is applicable, is the amount calculated pursuant to subsection (2) of this section for the applicable budget year. Any such district shall use the revenues generated by the number of mills that the district levies pursuant to section 22-54-106 (2)(a)(II), (2.1)(b)(I)(C), or (2.1)(c)(I), whichever is applicable, to replace any categorical program support funds that the district would otherwise be eligible to receive from the state; except that the amount of categorical program support funds that the district is required to replace must not exceed an amount equal to the district's reduction amount. The department shall use the amount of categorical program support funds replaced by property tax revenue pursuant to this subsection (5)(g)(IV) to make payments of categorical program support funds to eligible districts as specified in section 22-54-107 (4).

(V) For the 2010-11 budget year and each budget year thereafter through the 2023-24 BUDGET YEAR, if a district levies the number of mills calculated pursuant to section 22-54-106 (2)(a)(I), (2.1)(b)(I)(A),
(2.1)(b)(I)(B), or (2.1)(b)(II), or (2.1)(c)(II), (2.1)(c)(III), or (2.1)(c)(IV), whichever is applicable, and the district's reduction amount exceeds the district's state share of total program funding, such district's total program funding is the amount calculated pursuant to subsection (2) of this section for the applicable budget year, minus the district's state aid. Any such district shall use the revenues generated by the number of mills that the district levies pursuant to section 22-54-106 (2)(a)(I), (2.1)(b)(I)(A), (2.1)(b)(I)(B), or (2.1)(b)(II), or (2.1)(c)(II), (2.1)(c)(III), or (2.1)(c)(IV), whichever is applicable, to replace any categorical program support funds that the district would otherwise be eligible to receive from the state; except that the amount of categorical program support funds that the district is required to replace must not exceed an amount equal to the remainder of the district's reduction amount after the reduction to the district's total program has been applied pursuant to this subsection (5)(g)(V). The department of education shall use the amount of categorical program support funds replaced by property tax revenue pursuant to this subsection (5)(g)(V) to make payments of categorical program support funds to eligible districts as specified in section 22-54-107 (4).

(VIII) This subsection (5)(g) is repealed, effective July 1, 2024.

SECTION 3. In Colorado Revised Statutes, 22-54-103, amend (7)(f)(II) and (7)(f)(III); and add (7)(f)(II.5) and (7)(f)(II.6) as follows:

22-54-103. Definitions. As used in this article 54, unless the context otherwise requires:

The department of education shall add the institute charter school's certified pupil enrollment and online pupil enrollment to the funded pupil count of the district prior to calculating the district's total program pursuant to section 22-54-104.

(E) The average of the operating institute charter school’s pupil enrollment for the applicable budget year and the operating institute charter school’s pupil enrollment for the four immediately preceding budget years.

(II.6) Notwithstanding any provision of law to the contrary, for purposes of subsection (7)(f)(II.5) of this section, an operating institute charter school's pupil enrollment includes its online pupil enrollment, except for multi-district online school pupil enrollment.

(III) The general assembly finds and declares that for the purposes of section 17 of article IX of the state constitution, averaging a district's pupil enrollment for the applicable budget year and the district's pupil enrollment for the four immediately preceding budget years pursuant to subsection (7)(f)(I)(E) of this section, and the averaging of and operating institute charter school's pupil enrollment and online pupil enrollment pursuant to subsections (7)(f)(II.5) and (7)(f)(II.6),
