CONCERNING THE CREATION OF THE COMMISSION ON PROPERTY TAX, AND,
IN CONNECTION THEREWITH, MAKING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) Colorado has experienced historic growth in property values which has caused property taxes to rise well above the rate of inflation, contributing to an increase in the cost of housing;

(b) Legislation passed in 2022 and 2023 temporarily reduced property taxes for homeowners and businesses;

Capital letters or bold & italic numbers indicate new material added to existing law; dashes through words or numbers indicate deletions from existing law and such material is not part of the act.

(c) It is important that leaders come together to work towards developing a property tax structure for future years that balances the needs of homeowners, businesses, and local governments that rely on property tax to provide local services;

(d) The state of Colorado has a long tradition of respecting local control. In furtherance of that tradition, the general assembly declares that buy-in and involvement from individuals with an intimate understanding of the needs of their communities will be crucial in realizing its goal to develop a permanent and sustainable property tax structure for the state.

(e) Colorado public schools receive over half of their funding from property tax and the Colorado general assembly has a bipartisan objective to fully fund the Public School Finance Act without a budget stabilization factor; and

(f) Residential tenants pay property taxes through their rent, which contributes to the high cost of housing, making residential tenants an important consideration in any property tax proposal.
