ABBREVIATIONS USED IN APPROPRIATIONS HISTORY REPORTS

OPERATING APPROPRIATION FUND SOURCES

GF - GENERAL FUND: The General Fund consists of general tax revenues, such as state sales and income tax revenues, as well as any other revenues and moneys not legally required to be credited to a special fund. The General Fund is used to pay for a variety of state programs and services.

GFE - GENERAL FUND EXEMPT: The Taxpayer's Bill of Rights (TABOR) places restrictions on the amount of General Fund and cash fund revenues that can be collected, and subsequently spent, by the State. Certain General Fund revenues are exempt from these provisions: (1) tobacco tax revenues received pursuant to Amendment 35, which contained a voter-approved tax increase that specified that some of the resulting tax revenue be deposited in the General Fund; and (2) General Fund revenues that exceed the TABOR limit but are less than the revenue cap established by Referendum C. The latter source of funds must be deposited in the General Fund Exempt Account and can be appropriated only for health care, education, retirement plans for firefighters and police officers, and strategic transportation projects.

CF - Cash Funds: Specific cash funds are created to receive earmarked revenues, such as fees and fines. These funds typically pay for the programs for which the revenues are collected. Examples are the Wildlife Cash Fund and the Disabled Telephone Users Fund.

RF - Reappropriated Funds: Reappropriated funds are amounts of General Fund, cash funds, or federal funds that are appropriated more than one time in the same fiscal year. For example, funding may be initially appropriated to a department as federal funds, then appropriated to another agency for the purchase of services (e.g., legal services provided to state agencies by the Department of Law). In the recipient agency's appropriation, this is shown as reappropriated funds with an associated letter note indicating the origin of the funds.

FF - Federal Funds: Federal funds are made available to the State from the federal government. Some federal funds are grants for limited purposes, while other federal funds support ongoing state-federal programs and may require matching state funds. Examples of programs requiring a state match are Medicaid and highway construction. Federal funds are exempt from the fiscal year spending limit imposed by TABOR.

ASSUMPTIONS ASSOCIATED WITH OPERATING APPROPRIATIONS

FTE - Full-Time Equivalent: Full-time equivalent means the budgetary equivalent of one permanent position continuously filled full-time for an entire fiscal year by elected officials or by state employees who are paid for at least 2,080 hours. For example, two employees in two different positions whose combined hours equal 2,080 for a fiscal year equal one FTE.

CAPITAL CONSTRUCTION

CAP - Capital Construction: Moneys appropriated for capital construction purposes, including funding for: capital construction and capital renewal projects; capital lease purchase payments; controlled maintenance projects; and information technology projects.
