career goal. The bill directs the commissioner of education to ensure that the department of education (department) aligns the postsecondary and workforce readiness programs and initiatives that it implements with the model plans of study created by the community college system. The bill requires the department, in collaboration with the community college system, to create and make available informational materials that explain the alignment of the state academic standards, the state high school graduation guidelines, and the postsecondary and workforce initiatives and programs that the department implements with the model plans of study and the career pathways.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds that:

4 (a) Student and parent access to career education information is
5 important at each step of a student's educational experience as the student
6 plans and prepares for a productive career following graduation;

7 (b) Greater alignment between the secondary and postsecondary
8 public education systems, especially in regard to course expectations and
9 requirements for achieving postsecondary, industry-approved credentials
10 and degrees, is essential to enable students and their parents to plan and
11 direct their academic careers;

12 (c) Greater alignment of the expectations of the secondary and
13 postsecondary public education systems also strengthens the ability of
14 teachers, principals, and counselors to help students adequately prepare
15 to achieve postsecondary and career success in each student's chosen
16 pathway;

17 (d) Greater alignment between these systems also promotes
18 smoother student transitions, less course duplication, and a reduced need
19 for developmental course work when students enter college; and

20 (e) Aligning the secondary and postsecondary public education

1 systems supports students as they plan and prepare to follow the career
2 pathways that are aligned with the needs of industry and businesses
3 within the state and ultimately supports continued economic development
4 within the state.

5 (2) The general assembly finds, therefore, that it is in the best
6 interests of the state and of students and their families to direct the
7 department of education to collaborate with the community college
8 system to create the greatest possible alignment of the postsecondary and
9 workforce readiness initiatives that are implemented at the secondary
10 public education level with the career and technical education plans of
11 study and career pathways created at the postsecondary level.

12 **SECTION 2.** In Colorado Revised Statutes, 22-2-136, **amend** (2)
13 (b) and (2) (c); and **add** (2) (d) and (3) as follows:

14 **22-2-136. Additional duty - state board - individual career and**
