2016-17 through 2020-21 of the total amount of general fund revenues that the state would have been required to make unavailable for expenditure in the fiscal year and refund in the next fiscal year but for the enactment of the CHASE Act;

! Requires the amount that is estimated for each fiscal year and relied upon by the general assembly in developing and enacting the state budget for the next fiscal year to be allocated in specified amounts and percentages to:

! Repayment of the state severance tax trust fund and the local government severance tax fund for money diverted from those funds since July 1, 2006;

! The state education fund;

! The college opportunity fund program and institutions of higher education to offset student tuition costs, improve student services and academic quality, address controlled maintenance needs, and provide additional need-based student financial assistance;

! The general fund;

! The capital construction fund;

! The highway users tax fund for allocation to the state highway fund for expenditure by the department of transportation (CDOT) for specified transportation projects.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds and declares that:

4 (a) The economic forecast prepared by legislative council staff in
5 March 2016 indicated that revenues included in state fiscal year spending,
6 as defined in section 24-77-102 (17), Colorado Revised Statutes, would
7 exceed the state fiscal year spending limit calculated pursuant to section
8 24-77-103.6, Colorado Revised Statutes, for fiscal year 2016-17 which,
9 if accurate, would require the state to make unavailable for expenditure
10 in fiscal year 2016-17 an amount of general fund revenues sufficient to
11 enable the state to make refunds to taxpayers in fiscal year 2017-18 as

1 required by section 20 of article X of the state constitution;

2 (b) The March 2016 economic forecast assumed, under the law in
3 effect at the time of its publication, that state revenues generated by the
4 hospital provider fee, which was being collected from hospitals by the
5 department of health care policy and financing until the enactment of
6 House Bill 16-1420 ended the collection of the fee at the end of fiscal
7 year 2015-16, would continue to be collected in fiscal year 2016-17 and
8 would be included in state fiscal year spending and counted against the
9 fiscal year spending limit for fiscal year 2016-17;

10 (c) The general assembly assumed, under the law in effect at the
11 time of its consideration and enactment of the legislation establishing the
12 fiscal year 2016-17 state budget, that the state would continue to collect
13 hospital provider fees in fiscal year 2016-17 and that the revenues
14 generated by those fees would be included in state fiscal year spending
15 and counted against the fiscal year spending limit for fiscal year 2016-17;

16 (d) Because hospital provider fee revenues were not general fund
17 revenues, but the state must refund revenues in excess of the state fiscal
18 year spending limit from the general fund, hospital provider fee revenues
19 that would have been collected in fiscal year 2016-17 but for the
20 enactment of House Bill 16-1420 were expected to reduce the amount of
21 general fund revenue available for expenditure by the state in fiscal year
22 2016-17, and the general assembly took this expected reduction into
23 account by including less general fund money in the state budget for
24 fiscal year 2016-17 than it otherwise would have.

25 (2) The general assembly further finds and declares that:

26 (a) House Bill 16-1420 eliminated the hospital provider fee at the
27 end of fiscal year 2015-16;

1 (b) House Bill 16-1420:

2 (I) Will reduce the amount of state revenues counted against the
3 state fiscal year spending limit for fiscal year 2016-17 and subsequent
4 fiscal years;

5 (II) Is expected to prevent the state from collecting revenues in
6 excess of the state fiscal year spending limit for fiscal year 2016-17 and
7 to either prevent the state from collecting such revenues or reduce the
8 amount of such revenues collected in subsequent fiscal years;

9 (III) Is expected to ensure that the state is not required to refund
10 general fund revenues in fiscal year 2017-18 or make any general fund
11 revenues unavailable for expenditure in fiscal year 2016-17 in
12 anticipation of a required refund and to reduce the frequency and extent
13 to which the state is required to make refunds and make general fund
14 revenues unavailable for expenditure in subsequent fiscal years; and

15 (IV) Is therefore expected to increase the amount of general fund
16 revenues available for expenditure in the 2016-17 fiscal year; and

17 (c) If, as expected, the enactment of House Bill 16-1420 increases
18 the amount of general fund revenues available for expenditure in fiscal
19 year 2016-17 and subsequent fiscal years, it is necessary, appropriate, and
20 in the best interest of the state to use the additional revenues for the
21 purposes prioritized in this act.

22 **SECTION 2.** In Colorado Revised Statutes, **add** 24-75-224 as
23 follows:

24 **24-75-224. Additional general fund money available for**
