L.001	Changes the effective date of the bill

**Current Appropriations Clause in Bill**

The bill includes a provision that appropriates \$172,778 cash funds for FY 2016-17 to the Colorado Telephone Users with Disabilities Fund to the Colorado Commission for the Deaf and Hard of Hearing Cash Fund (within the Department of Regulatory Agencies). The clause also appropriates \$172,778 from reappropriated funds in the Colorado Commission for the Daf and Hard of Hearing Cash Funds to the Department of Human Services for FY 2016-17 for use by the Colorado Commission for the Deaf and Hard of Hearing. This provision also states that the latter appropriation is based on the assumption that the Department will require an additional 2.0 FTE.

### Points to Consider

#### *TABOR/ Excess State Revenues Impact*

The Joint Budget Committee (JBC) has proposed a budget package for FY 2016-17 based on the March 2016 Legislative Council Staff revenue forecast. Based on the legislation that is included as part of the budget package, which includes this bill, revenues are projected to be \$64.2 million lower than the threshold above which money will be required to be refunded under TABOR for FY 2016-17. This bill would, however, increase the projected TABOR refund for FY 2017-18 by \$2.2 million. As TABOR refunds are paid from the General Fund, this bill would reduce the amount of General Fund available for other purposes in FY 2017-18.

#### *Technical Issues*

The Public Utilities Commission (PUC), housed in the Department of Regulatory Agencies, is responsible for setting the monthly surcharge that provides revenue to the Colorado Telephone Users with Disabilities Fund (Fund). The Legislative Council Staff Fiscal Note assumes the current \$0.05 surcharge will continue, which would generate more revenue than the PUC needs to cover its administrative costs and the appropriations from the Fund. The PUC could set the surcharge to a lower rate and still generate sufficient revenue to cover appropriations and administrative costs, which would reduce the TABOR impact of this bill.

Without this bill, the PUC would need to raise the surcharge to generate the necessary revenue for the Fund. That surcharge increase would carry a similar TABOR impact as this bill.
