BILL TOPIC: SCHOOL DISTRICTS MUST POST DIRECTOR CANDIDATE INFO

Summary of Legislation

This bill requires a school district with at least 1,000 pupils to place on its website information related to candidates for the school district's board of directors. This bill also specifies the information to be placed on the website and the manner in which it must be displayed. This information must be posted on the website as soon as possible and no later than 60 days before the election.

School District Impact

This bill increases workload in school districts to post school director candidate information to the school district website. This workload will be minimal and can be accomplished by existing staff.

Under current law, school districts and Boards of Cooperative Educational Services (BOCES) may submit a separate estimate of fiscal impacts within seven days of a bill's introduction. Estimates submitted by districts or BOCES for this bill can be found on the Legislative Council website at this address: <http://1.usa.gov/23AxLIT>

Effective Date

The bill was signed into law by the Governor on June 10, 2016, and it became effective August 10, 2016. It applies to all elections conducted on or after the effective date.
