graduation requirements at a high level of proficiency, complete 12 credit hours in STEM courses, achieve a minimum score specified in the bill on one of several specified mathematics assessments, and successfully complete a final capstone project. To successfully complete the capstone project, the student must achieve a high proficiency level of mastery, as set by the local education provider, for each of the competencies specified in the bill. The local education provider is required to work with STEM-related business and industrial leaders and institutions of higher education in setting the high proficiency levels of mastery. The local education provider must annually notify students and their parents beginning in sixth grade of the requirements for obtaining a STEM diploma endorsement.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** In Colorado Revised Statutes, **add** 22-7-1009.5 as
