Amended 2nd Reading

The bill specifies that any employee holding a position determined by the board or its designee to be a director, a consultant, a supervisor, or an instructor position on or before September 1, 2017, remains exempt from the state personnel system so long as the employee continues to hold that position.

The board or its designee is required to determine which positions in the department meet the criteria to be exempt from the state personnel system; except that the board may not determine that a position is exempt while it is held by an employee in the state personnel system.

On or before December 31 of each year, the commissioner of education is required to submit a report to the state personnel director listing all positions in the department that are exempt, pursuant to the board's statutory authority, from the state personnel system.
