- ! Requires 12.59% of the gross retail marijuana sales tax revenue remaining in the general fund after a required allocation of 10% of the revenue to local governments to be transferred to the state public school fund; and
- ! Continuously appropriates that revenue for the same state fiscal year in which it is transferred from the state public school fund to the department of education to help meet the state share of total program funding for school districts and institute charter schools.

The bill eliminates the continuous appropriation of the revenue in the state fiscal year in which it is transferred to the state public school fund and instead specifies that beginning in state fiscal year 2019-20, the general assembly may appropriate all or any portion of the revenue transferred to the state public school fund during the prior state fiscal year to the department of education to help meet the state share of total program funding for school districts and institute charter schools.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** In Colorado Revised Statutes, 22-54-139, **amend**
