public who holds a capitol identification card (card) to enter the capitol building, the state services building, or the legislative services building without submitting to a search of his or her person or property by security personnel, electronic weapons screening devices, or other means.

The secretary of the senate (secretary) or the chief clerk of the house of representatives (chief clerk) may issue a card to any member of the public who applies for the same, pays a fee, and completes a fingerprint-based criminal history record check. Each card is issued for a 2-year period. The bill sets the initial amount of the fee at \$250.

The legislative council of the general assembly may adjust the amount of the fee not to exceed \$500 for any 2-year period for which the card is issued.

As part of the application submitted by an individual for a card, the individual is required to have his or her fingerprints taken by a local law enforcement agency or any third party approved by the Colorado bureau of investigation (CBI) for the purpose of obtaining a fingerprint-based criminal history record check. The costs of completing the check are paid by the applicant. The bill specifies how the check is completed. The bill requires the CBI to forward the results of the criminal history record check to the secretary and the chief clerk. The issuance of a card is conditional upon a satisfactory criminal history record check that demonstrates the applicant has not been convicted of a felony.

The card must list the name of the card holder and show a photograph of the card holder's face.

A card expires on the second anniversary of its date of issuance unless it has been renewed. The bill specifies procedures by which the card may be renewed and imposes additional restrictions governing issuance, use, and cancellation of the card.

The capitol identification card enterprise is established as a government-owned business within the legislative branch of state government.

All fees collected from issuance of the card are credited to the capitol identification card account, which is created within the existing legislative department cash fund.
