Under current law, a primary caregiver may possess and administer medical marijuana in a nonsmokeable form to a student while the student is at school. The bill allows a school nurse or the school nurse's designee, who may or may not be an employee of the school, to also possess and administer medical marijuana to a student at school. The bill provides a...
school nurse or the school nurse's designee protection from criminal prosecution if he or she possesses and administers medical marijuana to a student at school.
