fund until January 1, 2020, and to include the line thereafter. The line will allow a taxpayer receiving a refund to designate a contribution to an eligible charitable organization (eligible organization) of their choice.

The bill requires the secretary of state to provide a list of eligible organizations. To be eligible, an organization must be registered and in good standing with the secretary under the "Colorado Charitable Solicitations Act" and be a nonprofit that is tax exempt under section 501 (c)(3) of the internal revenue code. A charity may request to exclude itself from the list. The department will make the list of eligible organizations available to the public and a taxpayer may choose a single charity from the list to receive the contribution through the fund.

Once the fund is placed on the form, the department is directed to determine annually the total amount designated to the fund, and the total amounts designated to each eligible organization, and to report those amounts to the state treasurer and the general assembly. The state treasurer is required to credit the total amount to the fund. The bill requires the general assembly to appropriate from the fund to the department, the secretary of state, and the state treasurer their actual, reasonable costs for implementing the fund. The department is authorized to contract with a private or public entity to administer the fund, but the total fees under the contract for a given year cannot exceed 3% of the total amount credited to the fund for that year.

After the appropriations for the administration of the fund are deducted, the state treasurer is required to distribute the contributions to the charities as designated by taxpayers after a reduction proportionate to the amount deducted from the fund for administration.

Section 2 excludes the fund from the time limitations and minimum contribution requirements imposed on voluntary contribution funds. It also adds a limitation that a taxpayer cannot contribute to any voluntary contribution fund or combination of voluntary contribution funds in an amount that exceeds the amount of the taxpayer's refund.

Section 3 allows the department to share information with a contractor if necessary to implement the fund under a contract and requires the contractor to keep that information confidential subject to a penalty.

1 *Be it enacted by the General Assembly of the State of Colorado:*
