Section 3 also clarifies that existing requirements permitting a confined prisoner who is awaiting trial or has not been tried to register to vote also applies to a prisoner who is not serving a sentence for a felony conviction.  - ! **Section 6** specifies that a declaration or change of affiliation made by an unaffiliated elector must be deferred if the elector has already been mailed a primary election ballot packet. The deadline by which the elector must declare, change, or withdraw an affiliation only applies to a primary election and does not apply to a general or coordinated election.
 - ! **Section 7** requires the department of state, no later than July 31, 2019, to regularly provide the department of revenue (DOR) with current voter registration information. Section 17 requires the county clerk to appoint election judges for each location where election activities are occurring instead of for each precinct as under existing law. This section also permits the county clerk to appoint an election judge to serve in a county other than the county in which the election judge resides. Section 26 also modifies the language used for instructing the elector on completing a mail ballot. Section 29 also requires the county clerk to ensure the privacy of each elector's vote when election judges are removing and separating marked ballots from return envelopes and specifies actions that must be taken by the county clerk if he or she chooses not to include a secrecy envelope or sleeve in the mail ballot packet.
