A BILL FOR AN ACT

CONCERNING STATE FUNDING FOR FULL-DAY KINDERGARTEN EDUCATIONAL PROGRAMS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

Under existing law, the school finance formula provides funding for half-day kindergarten educational programs plus a small additional amount of supplemental kindergarten funding. The bill provides funding through the school finance formula for full-day kindergarten educational programs. A student enrolled in a full-day kindergarten educational program will be funded at the same amount as students enrolled full-time...
in other grades. A student enrolled in a half-day kindergarten educational program will be funded as a half-day student plus the existing amount of supplemental kindergarten funding.

Under existing law, many school districts charge parents of students enrolled in full-day kindergarten a fee to fund the full-day kindergarten educational program. After passage of the bill, a school district or a charter school that provides a full-day kindergarten educational program shall not charge fees for attending kindergarten other than those fees that are routinely charged to parents of students enrolled in other grades and are applicable to the kindergarten educational program. However, if the general assembly stops funding kindergarten students as full-time pupils, then a school district or charter school may resume charging a fee or tuition for the unfunded portion of the school day.

Under existing law, a school district may use a half-day preschool position to enroll a child in full-day kindergarten. The bill prohibits using a preschool position to enroll a child in full-day kindergarten. A school district that used preschool positions in this manner in the 2018-19 budget year will retain the positions in the 2019-20 budget year and budget years thereafter to the extent the school district fills the positions with preschool students.

The bill directs a school district that is not offering a full-day kindergarten educational program as of the 2019-20 school year to submit a plan to the department of education addressing how it could phase in a full-day kindergarten educational program, but a school district is not required to offer a full-day kindergarten educational program.

If a charter school seeks to expand an existing half-day kindergarten educational program to full day, it must notify the charter authorizer and amend the charter contract, if necessary. If the authorizer objects to the program expansion, the charter school and the authorizer must negotiate a change to the charter contract. If the parties cannot agree, the charter school may appeal the issue to the state board of education for a determination. Any renegotiation of the charter school's contract must be limited to the issue of expanding the kindergarten educational program.

1 Be it enacted by the General Assembly of the State of Colorado:

2 SECTION 1. In Colorado Revised Statutes, 22-54-103, amend
3 (10)(b)(I) introductory portion, (10)(e.5), (10)(f), and (15); and add
4 (7)(e)(VII) as follows:

5 22-54-103. Definitions. As used in this article 54, unless the
context otherwise requires:

(7) "Funded pupil count" means:

(e) (VII) For the 2019-20 budget year and each budget year thereafter, solely for the purpose of averaging pupil enrollment pursuant to subsection (7)(e)(I) of this section for a district that operates a full-day kindergarten educational program, the department of education shall adjust the district's pupil enrollments for the 2018-19, 2017-18, 2016-17, and 2015-16 budget years by counting each pupil enrolled in a full-day kindergarten educational program in one of those budget years as a full-time student. The adjustment to pupil enrollment made pursuant to this subsection (7)(e)(VII) does not affect or change the funded pupil count used to calculate a district's fiscal year spending limitation pursuant to section 20 of article X of the state constitution for a budget year commencing before July 1, 2019.

(10) (b) (I) For budget years commencing before the 2019-20 budget year, a pupil enrolled in a kindergarten educational program pursuant to section 22-32-119 (1) shall be counted as not more than a half-day pupil. except that, if the pupil does not advance to first grade, pursuant to section 22-7-1207, after completing one year of enrollment in a kindergarten educational program, the pupil shall be counted as a full-day pupil for the second year in which he or she is enrolled in the kindergarten educational program for the 2019-20 budget year and each budget year thereafter, a pupil enrolled in a kindergarten educational program pursuant to section 22-32-119 is counted as a full-time pupil, except as otherwise
provided in subsection (10)(e.5)(I) of this section. For the 2005-06
budget year and each budget year thereafter, a district shall count and
receive funding only for pupils enrolled in a kindergarten educational
program who are:

(e.5)(I) A pupil who is enrolled as less than a full-time student,
other than a student described in paragraph (b) or (d) of this subsection
or (10)(b)(II) or (10)(d) of this section or a student
enrolled in a p-tech school pursuant to article 35.3 of this title, shall be
title 22, is counted in accordance with rules promulgated by the state
board for students who are enrolled as less than full-time students.

(II) notwithstanding any provision of subsection
(10)(e.5)(I) of this section to the contrary, a pupil who completes
one school year of enrollment in a half-day kindergarten
educational program and does not advance to first grade,

the second year in which the pupil is enrolled in the half-day
kindergarten educational program.

(f) In certifying the district's pupil enrollment to the state board
pursuant to the provisions of section 22-54-112, the district shall specify
the number of pupils enrolled in half-day kindergarten; the number of
pupils enrolled in first-grade kindergarten through twelfth grade,
specifying those who are enrolled as full-time pupils and those who are
enrolled as less than full-time pupils; the number of expelled pupils
receiving educational services pursuant to section 22-33-203; the number
of pupils enrolled in the district's preschool program; the number of
pupils receiving educational programs under the "Exceptional Children's
Educational Act", article 20 of this title title 22; and the number of
at-risk pupils.

(15) "Supplemental kindergarten enrollment" means the number calculated by subtracting five-tenths from the full-day kindergarten factor for the applicable budget year and then multiplying said number by the number of pupils in the district who are enrolled in a half-day kindergarten educational program for the applicable budget year. For the purposes of this subsection (15), the full-day kindergarten factor for the 2008-09, 2009-10, and 2010-11 budget years and each budget year thereafter is fifty-eight hundredths of a full-day pupil.

SECTION 4. In Colorado Revised Statutes, amend 22-32-119.5
as follows:

22-32-119.5. Full-day kindergarten - phase-in plan - report -
legislative declaration. (1) (a) The general assembly hereby finds and
declares that:
(1) Rigorous research proves that full-day kindergarten is an
effective way of improving a child's academic performance;
(II) Research shows that children who have academic success are
less likely to drop out of school and more likely to graduate from high
school and enter an institution of higher education, leading them to
higher-paying jobs that provide for a strong economy in the state;
(III) Studies show that full-day kindergarten EDUCATIONAL
programs address achievement gap issues and promote student
achievement;
(IV) All children in Colorado deserve the chance to attend a full
day of kindergarten, as the benefits of full-day kindergarten continue
throughout a child's educational experience and set the tone for future
academic success.

(b) The general assembly further finds and declares that while the
benefits of full-day kindergarten educational programs are evident, the
general assembly may be unable to provide funding to allow every
eligible child in the state to attend a full day of kindergarten. As a result,
determining an approach to phase in full-day kindergarten educational
programs is the first step toward potentially offering full-day kindergarten
educational programs statewide. The development of a plan by each
local board of education that is not offering a full-day
kindergarten educational program as of the 2019-20 school year
to phase in a full-day kindergarten educational program at the district
level is essential to ensure that the appropriate mechanisms are in place
to support and maintain high-quality, full-day kindergarten educational
programs in Colorado.

(2) Each local board of education that is not offering a full-day
classroom educational program as of the 2019-20 school year shall develop a plan to potentially phase in a full-day
classroom educational program in the school district, to be funded
with state or local moneys provided specifically for such program. In
developing the plan, each local board shall consider the following:

(a) Available space in existing school district facilities for a
full-day kindergarten educational program;

(b) The need and cost of new school district facilities necessary
to offer a full-day kindergarten educational program, including but not
limited to the cost associated with construction, acquisition,
reconfiguration, or renovation of new or existing facilities;

(c) A method to identify the children who would most benefit
from attending a full day of kindergarten, including but not limited to:

(i) Children who lack overall learning readiness due to significant
family risk factors, who are in need of language development, or who are receiving services from the department of human services pursuant to article 5 of title 26, C.R.S., as neglected or dependent children;

(H) Children who are currently enrolled in the Colorado preschool program;

(III) Children who are eligible for free or reduced lunch; and

(IV) Children who are enrolling in an elementary school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210;

(d) Professional development and staffing needs;

(e) A method to prioritize the children to be served by a full-day kindergarten program if state and local funding for the program is insufficient to allow every eligible child in the school district to attend a full day of kindergarten;

(f) A plan for parent and community outreach and enrollment processes; and

(g) The anticipated enrollment in a full-day kindergarten educational program, including the percentage of eligible children in the school district that will choose to enroll in the program.

(3) Each local board of education that is not offering a full-day kindergarten educational program as of the 2019-20 school year shall submit its plan to phase in a full-day kindergarten educational program to the department of education on or before February 1, 2008. Any July 1, 2020. A school district that has developed a full-day kindergarten plan within the five years prior to May 9, 2007 before July 1, 2020, may submit the previously developed plan to the
department in lieu of developing a plan pursuant to this section.

(4) Nothing in this section: shall be construed to:

(a) Require REQUIRES a child to attend a full day of kindergarten;

OR

(b) Prohibit PROHIBITS a school district from offering a half-day kindergarten EDUCATIONAL program. or
