FISCAL NOTE

Drafting Number:	LLS 19-0748	Date:	January 28, 2019
Prime Sponsors:	Sen. Zenzinger Rep. Titone	Bill Status:	Senate Education
		Fiscal Analyst:	Josh Abram 303-866-3561 Josh.Abram@state.co.us

Bill Topic: INNOVATION SCHOOL OPERATING AS A COMMUNITY SCHOOL

Summary of Fiscal Impact: **No fiscal impact.** The bill allows a school district to approve an innovation plan that includes the intent of the applying school to operate as a community school.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: This fiscal note reflects the introduced bill.

Summary of Legislation

Under current law, a local school board may approve an innovation plan and designate a public school, or a group of public schools, as an innovation school or an innovation school zone. This bill allows the board to approve an innovation plan for a school to operate as a community school.

Background

Innovation Schools. Innovation schools apply intentionally diverse approaches to learning and education that may vary from other schools in a school district; however, the innovation school remains under the control of the locally elected school board. Schools seeking innovation status submit an application to their school board that describes the unique educational approach the school intends to implement. The educational approach may include but is not limited to innovations related to staffing, curriculum and assessment, class scheduling, use of financial and other resources, faculty recruitment, employment, evaluation and compensation.

Community Schools. Generally, a community school operates as a hub for educators, families, and community partners to offer a range of opportunities, supports, and wrap-around services to students, their families, and communities.

Assessment of No Fiscal Impact

Current law does not preclude a local school board from approving an application for an innovation school to operate as a community school. School boards may approve a plan that contains any innovative approach that departs from the operational programs and requirements adopted by the school district at large. The bill formally grants permissive authority to local school boards that is

already assumed to exist under current law. The bill does not impact the revenue or expenditures of the state, state agencies, or any local government or school district. For these reasons, the bill is assessed as having no fiscal impact.

Effective Date

The bill takes effect August 2, 2019, if the General Assembly adjourns on May 3, 2019, as scheduled, and no referendum petition is filed.
