HOUSE BILL 20-1057

A BILL FOR AN ACT

CONCERNING MODIFICATIONS TO THE "FOREST RESTORATION AND WILDFIRE RISK MITIGATION ACT".

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov/.)

Wildfire Matters Review Committee. The bill makes the following modifications to the existing "Forest Restoration and Wildfire Risk Mitigation Act" (act) and, specifically, the grant program funded by the act:

Currently, grant applicants are required to self-finance 50% of the cost of a project funded by a grant. The bill, in the
case of a project that is located in an area with fewer economic resources, lessens this requirement so that grant applicants are required to self-finance 25% of the total cost of the project. The forest service is required to establish a policy that specifies the criteria by which a project will satisfy such requirements.

Permits a grant project eligible to receive funding to support ongoing maintenance efforts undertaken by eligible recipients to reduce the threat of large, high-intensity wildfires.

Adds to the list of recipients eligible to receive grant funding a fire protection district and a nonprofit organization or entity engaged in firefighting or fire management activities.

Extends the date by which the grant program will be repealed to September 1, 2029.

---

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. In Colorado Revised Statutes, 23-31-310, amend (3), (4.5)(d), (6), and (9); repeal (4)(d); and add (4.3), (4.4), (4.5)(f), and (4.5)(g) as follows:

23-31-310. Forest restoration and wildfire risk mitigation grant program - technical advisory panel - legislative declaration - definitions - repeal. (3) Grant projects. The forest service shall issue a statewide request for proposals for cost-share grants for projects that are designed through a collaborative community process. The projects may be entirely on, or on any combination of, private, state, county, or municipal forest lands. The grant share of an individual project cost must not exceed fifty percent of the total cost of the project or exceed one million dollars per project. IN THE CASE OF A PROJECT THAT IS LOCATED IN AN AREA WITH FEWER ECONOMIC RESOURCES, THE GRANT SHARE OF AN INDIVIDUAL PROJECT COST MUST NOT EXCEED SEVENTY-FIVE PERCENT OF THE TOTAL COST OF THE PROJECT OR EXCEED ONE MILLION DOLLARS PER
PROJECT. The remaining portion of the project's funding may be in the form of cash, stumpage, or in-kind contribution. **In Meeting the Match Requirements Under This Subsection (3), a Project May Be Funded, in Whole or in Part, From Gifts, Grants, or Donations Received From Any Organization, Entity, or Individual.** In measuring an in-kind contribution for purposes of meeting the fifty percent and twenty-five percent matches required by this subsection (3), "in-kind contribution" may include volunteer hours provided by the staff of an entity or organization applying for grant funding and the time for which staff receives monetary compensation in the form of salary or other financial benefits. Such compensated time that counts towards the in-kind contribution is limited to the estimated time of paid staff in planning and implementing the mitigation project. The forest service shall establish a policy that specifies the criteria by which a particular project will satisfy the requirement of this subsection (3) that it is located in an area with fewer economic resources, as applicable.

(4) **Eligibility Requirements.** To be eligible to receive funding under this section, a project must:

(d) Include a diverse and balanced group of stakeholders as well as appropriate federal, state, county, and municipal government representatives in the design, implementation, and monitoring of the project.

(4.3) **In addition to satisfying Subsection (4) of this Section, a Grant Project that Receives Funding Under This Section May Also Support Ongoing Maintenance Efforts by Eligible**
RECIPIENTS TO REDUCE THE THREAT OF LARGE, HIGH-INTENSITY WILDFIRES.

(4.4) **Additional funding objectives.** As part of the submission of grant applications under this section, the Forest Service encourages applicants to include on their grant application information that indicates whether the project is supported by a diverse and balanced group of stakeholders as well as appropriate federal, state, county, and municipal government representatives in the design, implementation, and monitoring of the project.

(4.5) **Eligible recipients.** Eligible grant recipients include:

(d) State agencies, such as the state land board or the division of parks and wildlife, that own lands or property in areas of high risk for catastrophic wildfires; and

(f) A fire protection district, as defined in section 32-1-103(7); and

(g) A nonprofit organization or entity engaged in firefighting or fire management activities.

(6) **Proposal selection.** After consulting with the technical advisory panel established in subsection (5) of this section, the Forest Service shall select the proposals that will receive funding through this section. In carrying out approved projects, the project proponents shall, whenever feasible, contract with the Colorado youth corps association or an accredited Colorado youth corps to provide labor. The General Assembly encourages the Forest Service to modify its administrative policies and procedures under this section to enable funding to be provided to grant recipients in March to
ENABLE WILDFIRE MITIGATION TO COMMENCE BEFORE THE PRIME WILDFIRE
SEASON STARTS IN JUNE.

(9) **Repeal.** This section is repealed, effective September 1, 2022
SEPTEMBER 1, 2029.

**SECTION 2. Act subject to petition - effective date.** This act
takes effect September 1, 2020; except that, if a referendum petition is
filed pursuant to section 1 (3) of article V of the state constitution against
this act or an item, section, or part of this act within the ninety-day period
after final adjournment of the general assembly, then the act, item,
section, or part will not take effect unless approved by the people at the
general election to be held in November 2020 and, in such case, will take
effect on the date of the official declaration of the vote thereon by the
governor.
