A BILL FOR AN ACT

CONCERNING TRANSPARENCY OF PENAL TELECOMMUNICATIONS SERVICE PROVIDERS IN JAILS, AND, IN CONNECTION THEREWITH, MAKING AN APPROPRIATION.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The bill requires telecommunication service providers (providers) who provide telecommunication services (services) to jails and other correctional facilities (jails) to maintain data and records (data) related to the services provided to jails. The bill requires providers to submit the data and a report on the services provided to the public utilities...
commission (commission) on a quarterly basis. The commission is required to publish the data and report on its website in a format accessible by the public.

Current law exempts providers and the services provided from oversight by the commission. The bill grants the commission authority over providers and the services provided.

Be it enacted by the General Assembly of the State of Colorado:
