Current Appropriations Clause in Bill

The bill neither requires nor contains an appropriation clause for FY 2020-21.

Points to Consider

The Joint Budget Committee has proposed a budget package for FY 2020-21. The budget package bills reduce or eliminate some appropriations and transfers, and suspend or delay other appropriations and transfers. These bills also augment the amount of money available in the General Fund. Many of these changes apply for FY 2020-21 only, and thus require scheduled increases in General Fund appropriations and transfers in FY 2021-22 and subsequent fiscal years. This bill would not require a General Fund appropriation for FY 2020-21. However, it is projected to require General Fund appropriations of \$131,515 in FY 2021-22 and \$91,515 in FY 2023-24, further increasing the base General Fund commitment in those fiscal years. This further reduces the amount of General Fund available for appropriations and obligations by the same amount.
