Summary of Fiscal Impact: **No fiscal impact.** This bill clarifies the date by which manufacturers of certain class B firefighting foam must notify their sellers that the product can no longer be sold. It is assessed as having no fiscal impact on state and local governments.

Appropriation Summary: None required.

Fiscal Note Status: The fiscal note reflects the enacted bill.

Summary of Legislation

Beginning August 2, 2021, House Bill 19-1279 prohibits the sale of class B firefighting foam to which perfluoroalkyl and polyfluoroalkyl substances (PFAS) have been added and required product manufacturers to notify sellers of the prohibition no less than one year prior to the effective date of the requirement. Because the effective date of HB19-1279 and the notification requirement were both August 2, 2019, the notice was required by August 2, 2018, prior to the existence of the notice requirement. This bill clarifies that the notification should be made prior to August 2, 2020.

Assessment of No Fiscal Impact

The bill corrects the deadline for manufacturers to notify sellers of a prohibition of product sales. This change has no effect on state or local government revenue or expenditures. For this reason, the bill is assessed as having no fiscal impact.

Effective Date

The bill was signed into law by the Governor and took effect March 24, 2020.
