The House Appropriations Committee Report (06/03/20), as adopted by the House on Second Reading, amends the introduced bill and strikes everything below the enacting clause. The amendment:

- increases the maximum per day civil penalty for air and water quality violations in Colorado;
- increases penalties for criminal pollution of state waters;
- increases penalties for false representation in a required record or tampering with water quality monitoring devices; and
- eliminates the expenditure impact of the introduced bill in FY 2020-21, FY 2021-22, and FY 2022-23 and the General Fund diversion.

Legislative Council Staff and JBC Staff agree on the fiscal impact of this amendment.
