Summary of Legislation

The bill creates a rural arts grant program in the Creative Industries Division of the Office of Economic Development and International Trade (OEDIT). Grants are awarded to qualified organizations that sponsor artists to complete projects outside of the Scientific and Cultural Facilities District (SCFD). A qualifying organization is a community organization outside of the SCFD that is either a local government organization or a nonprofit organization. The qualifying organization may retain up to 5 percent of the grant award for administrative costs. Grants may be awarded to projects that:

- advance the artistic and cultural goals of rural communities and their economies;
- enhance a community's culture; or
- provide incentives for cross-community collaborations and have the potential to contribute to acceptance and consideration of differing perspectives.

On July 1, 2020, and each subsequent year, \$50,000 will be transferred from the General Fund to the Creative Industries Cash Fund to be awarded as grants, and used by OEDIT for the implementation and administration of the program.

The bill establishes application and award criteria, provides additional rulemaking authority to OEDIT related to the program, and establishes reporting requirements for both grant recipients and OEDIT.

Background and Assumptions

OEDIT currently administers several other art grants program, including the Colorado Creates Grant, the Career Advancement Grant, and the Creative Districts program. Expenditures are estimated based administrative needs for these other programs, scaled for size of the grant program in the bill.

State Transfers

The bill transfers \$50,000 from the General Fund to the Creative Industries Cash Fund beginning in FY 2020-21 and each subsequent year.

State Expenditures

The bill increases expenditures in OEDIT by \$50,000 from the Creative Industries Cash Fund beginning in FY 2020-21. Expenditures are shown in Table 2 and described below.

Table 2
Expenditures Under HB 20-1223

	FY 2020-21	FY 2021-22
Office of Economic Development		
Personal Services	\$17,956	\$17,956
Grants	\$32,044	\$32,044
Centrally Appropriated Costs*	\$3,689	\$3,689
Total Cost	\$53,689	\$53,689
Total FTE	0.2 FTE	0.2 FTE

* Centrally appropriated costs are not included in the bill's appropriation.

Personal services. OEDIT will hire 0.2 FTE Project Manager to administer the newly created grant program, based on staffing requirements of other grant programs administered by OEDIT.

Rural art grants. After accounting for administrative expenses, \$32,044 is available for grants each year. Grants are expected to range in size from \$2,500 to \$10,000 per project.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are estimated to be \$3,689 per year beginning in FY 2020-21.

Local Government

The bill may increase local government revenue if a local government receives grant funding through the program.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

State Appropriations

For FY 2020-21, the bill requires a cash fund appropriation of \$50,000 from the Creative Industries Cash Fund to the Office of Economic Development and International Trade, and 0.2 FTE.
