of the languages in which the most recent decennial census was offered to assist electors in translating ballot language. The secretary is required to establish the hotline for use during the general election held in November 2022, and for every general election and statewide odd-year election thereafter. The secretary is also required to:

- Provide notice of the hotline to electors through election day;
- Ensure that the translators who provide translations for the multilingual hotline are qualified translators or interpreters; and
- Promulgate rules as may be necessary to create and administer the hotline.

The county clerk of any county that satisfies specified criteria is required to create, in coordination with the secretary, a minority language sample ballot (sample ballot) in any minority language spoken in the county that satisfies the following:

- The minority language is spoken by at least 2,000 citizens in the county age 18 years or older, who speak English less than very well, and who speak the minority language at home; or
- The minority language is spoken by at least 2.5% of citizens in the county age 18 years or older, who speak English less than very well, and who speak the minority language at home.

The bill specifies that the sample ballot must include all of the same content that is on the English language ballot and also specifies the format of the sample ballot. In addition, the bill requires that the sample ballots be available for the general election held in November 2022, and for each general election and statewide odd-year election thereafter.

The county clerk of any county that satisfies specified criteria is required to provide, upon the request of an elector, an in-person minority language ballot (in-person ballot) in any minority language spoken in the county that satisfies the same criteria specified for sample ballots. An in-person ballot can be a ballot on demand, a ballot from a printed stock of ballots, or a ballot via an electronic voting device.

The bill specifies that the in-person ballot must include all of the same content that is on the English language ballot and specifies that in-person ballots are required to be available for the general election held in November 2022, and for each general election and statewide odd-year election thereafter.

The secretary is required to determine, pursuant to specified criteria, which counties in the state are required to provide multilingual ballot access by creating a sample ballot and providing an in-person ballot, and to notify the county clerk of any county that is required to provide such multilingual ballot access.

22 ACCESSIBLE TO MORE ELIGIBLE ELECTORS AND PROVIDE THEM WITH  
23 MEANINGFUL ACCESS TO A BALLOT THAT THEY ARE ABLE TO READ,  
24 UNDERSTAND, AND VOTE.

25 (2) THE GENERAL ASSEMBLY FURTHER FINDS AND DECLARES THAT
