A BILL FOR AN ACT

101 **CONCERNING THE DRAWING OF VOTING DISTRICTS BY COUNTY**
102 **GOVERNMENTS.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill establishes the process used by county commissioner redistricting commissions (commissions) to divide counties that have any number of their county commissioners not elected by the voters of the whole county into county commissioner districts. In these counties, the bill:

- Requires the commissions to hold multiple hearings

throughout the relevant counties that are broadcast and stored online and comply with state statutes regarding open meetings;

- Requires the commission to provide the opportunity for public involvement by providing the ability to propose and comment on maps and to testify at commission hearings both in person and electronically;
- Prohibits improper communication between a member of the commission and the staff of the commission;
- Mandates that paid lobbying of the commissions be disclosed to the secretary of state by the lobbyist;
- Establishes prioritized factors for the commissions to use in drawing districts, including federal requirements, the preservation of communities of interest and political subdivisions, and maximizing the number of competitive districts;
- Prohibits the commissions from approving a map if it has been drawn for the purpose of protecting one or more incumbent members, or one or more declared candidates, of the board of county commissioners, or any political party, and codifies current federal law and related existing federal requirements prohibiting maps drawn for the purpose of or that results in the denial or abridgement of a person's right to vote or electoral influence on account of a person's race, ethnic origin, or membership in a protected language group;
- Requires the commission to approve a redistricting map and specifies the date by which a final map must be approved;
- Specifies that the staff of each commission will draft a preliminary redistricting map and up to 3 additional maps, and, in the event of deadlock by a commission, creates a process by which staff submit a final map to a panel of district court judges for review based on specified criteria; and
- Requires judicial review of a commission-approved or staff-submitted redistricting map, and limits district court judicial panel review to whether a commission or the staff committed an abuse of discretion.

The bill recommends that counties establish independent county commissioner redistricting commissions and provides criteria to consider when creating these independent commissions.

The bill aligns the redistricting population data used to establish county commissioner districts with the redistricting population data used to establish congressional districts, state house of representative districts,

and state senate districts.

The bill also requires that, in a county where any number of county commissioners are not elected by the voters of the whole county and the board of county commissioners refers a measure to the voters of the county to change the method of electing county commissioners, the referred measure must provide at least 2 different methods of electing county commissioners.

Finally, the bill repeals anachronistic county precinct size rules and allows county clerk and recorders to redraw precincts less often.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds, declares, and determines that:

4 (a) In order for our democratic republic to truly represent the
5 voices of the people, districts must be drawn such that the people have an
6 opportunity to elect representatives who are reflective of and responsive
7 and accountable to their constituents;

8 (b) The people are best served when districts are not drawn to
9 benefit particular parties or incumbents, but are instead drawn to ensure
10 representation for the various communities of interest and to maximize
11 the number of competitive districts;

12 (c) The federal "Voting Rights Act of 1965" prohibits voting
13 practices and procedures, including redistricting, that discriminate on the
14 basis of race, color, or language;

15 (d) Districts are redrawn after every decennial census for members
16 of congress, members of the general assembly, county commissioners,
17 school board members, city councillors, and special district
18 representatives;

19 (e) In the 2018 legislative session, the general assembly
20 unanimously supported two referred measures, Amendments Y and Z,

1 that reflected a bipartisan compromise to ensure fair redistricting of
2 congressional districts, state house of representative districts, and state
3 senate districts;

4 (f) At the general election in November 2018, seventy-one percent
5 of electors in the state approved Amendments Y and Z;

6 (g) The only partisan offices elected by districts in Colorado not
7 included in Amendments Y and Z were county commissioners;

8 (h) Most Colorado counties elect their commissioners by the
9 voters of the whole county, but counties with populations over seventy
10 thousand are allowed to increase from three to five commissioners and
11 elect some or all of their commissioners by the voters of individual
12 districts; and

13 (i) While current law imposes very few limitations on how county
14 commissioner districts are to be drawn, it is of statewide interest that
15 voters in every Colorado county are empowered to elect commissioners
16 who will reflect the communities within the county and who will be
17 responsive and accountable to them.

18 (2) By enacting House Bill 21-1047, the general assembly intends
19 to ensure that counties that elect some or all of their commissioners by the
20 voters of individual districts are held to the same high standards that
21 Amendments Y and Z require of redistricting for congressional districts,
22 state house of representative districts, and state senate districts, including
23 fair criteria for drawing of districts, plans drawn by nonpartisan staff,
24 robust public participation, and where practicable, independent
25 commissions.

26 **SECTION 2.** In Colorado Revised Statutes, amend 30-10-306 as
27 follows:
