Bill Summary

(Note: This summary applies to this bill as introduced and does
not reflect any amendments that may be subsequently adopted. If this bill
passes third reading in the house of introduction, a bill summary that
applies to the reengrossed version of this bill will be available at

Section 2 of the bill modifies how taxable income is determined
for individuals for purposes of the state income tax. Specifically, it:
- Imposes a cap for taxpayers with adjusted gross incomes
  equal to or exceeding $400,000 on certain itemized
deductions claimed under the internal revenue code;
- Repeals, for social security income that is included
  in federal taxable income only, the cap on the deduction for
  pension and annuity income received;
- Adds a cap, per taxpayer per beneficiary, on the deduction
  for contributions made to 529 plans;
- Requires individual taxpayers to add amounts of federal
  taxable income that are equal to the enhanced federal
deductions for food and beverage in a restaurant for the
  2022 income year; and
- Extends the limit on the federal deduction allowed under
  section 199A of the internal revenue code.

Section 3 increases the earned income tax credit to 20% for
income tax years commencing on or after January 1, 2022, and applies the
lowered minimum age for individuals without a qualifying child in the federal "American Rescue Plan Act of 2021" to the state credit for income tax years commencing on or after January 1, 2022.

Section 4 funds the child tax credit for income tax years commencing on or after January 1, 2022, and allows a child tax credit in the state regardless of the federal requirement that a qualifying child must have a social security number for the federal child tax credit. Section 4 also specifies that if the changes to the federal child tax credit in the "American Rescue Plan Act of 2021" are no longer in effect, the percentages of the state child tax credit are increased.

Sections 5 through 7 make the state's corporate income tax more uniform compared to other states by replacing the current combined reporting standard with the multistate tax commission's standard. In addition, these sections modify the computation of the receipts factor to make it more congruent with the unitary business principle.

In addition to making the state's corporate income tax more uniform compared to other states, section 6 also prevents corporations from using tax shelters in foreign jurisdictions for the purpose of tax avoidance.

Section 7 also modifies how taxable income is determined for C corporations for purposes of the state income tax. Specifically, it requires corporate taxpayers to add amounts of federal taxable income that are equal to the enhanced federal deductions for food and beverage in a restaurant for the 2022 income year.

Section 8 repeals a state subtraction for certain capital gains incurred.

Section 9 creates a temporary income tax credit for a business for a percentage of the conversion costs to convert the business to a worker-owned coop, an employee stock ownership plan, or an employee ownership trust.

Sections 10 through 13 address the avoidance of income tax by certain captive insurance companies.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) This act makes certain changes to the state's income tax code that over the span of several years are revenue neutral; and

(b) The purposes of this act are:

   (II) To reduce tax avoidance by updating provisions of Colorado's
tax code concerning certain business structures; and

   (III) To adjust the availability of certain tax expenditures so that
the availability and extent of tax expenditures are more fairly distributed
across all taxpayers.

   SECTION 2. In Colorado Revised Statutes, 39-22-104, amend
(3)(o), (4)(f)(III), (4)(i)(II), and (4)(i)(III); and add (3)(p), (3)(q), and

the tax year in which the taxpayer claims the deduction
allowed under section 199A of the internal revenue code.

(C) For the purposes of this paragraph (f), "pensions and annuities" means retirement benefits
that are periodic payments attributable to personal services performed by

uniformed services of the United States, or from contributions to a
retirement plan which are deductible for federal income tax

INCOME, THE AMOUNT OF THE CREDIT NOT USED TO OFFSET INCOME TAXES
MUST BE REFUNDED TO THE QUALIFIED BUSINESS OR THE OWNER.

(9) ANY TAX CREDITS ISSUED UNDER THIS SECTION TO A
PARTNERSHIP OR AN S CORPORATION MUST BE PASSED THROUGH TO THE
PARTNERS, MEMBERS, OR OWNERS, INCLUDING ANY NONPROFIT ENTITY THAT IS A PARTNER, MEMBER, OR OWNER, RESPECTIVELY, ON A PRO RATA BASIS ACCORDING TO THEIR OWNERSHIP PERCENTAGE.
