A BILL FOR AN ACT

101 **CONCERNING THE REGULATION OF CHILD CARE CENTERS.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill eliminates duplicate facility inspections for a child care center that provides child care exclusively to school-age children on the property of a school district, charter school, or institute charter school if a satisfactory inspection was completed within the preceding 12 months.

The bill requires the state board of human services (state board) to prescribe rules that eliminate duplicate or conflicting requirements relating to health and safety requirements and inspections for programs that operate on school property.

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.
Capital letters or bold & italic numbers indicate new material to be added to existing statute.
Dashes through the words indicate deletions from existing statute.

The state board shall prescribe rules applicable to a child care center to require the department of human services to accept as satisfactory a signed affidavit affirming compliance with record keeping and document retention requirements.

The bill provides for staffing flexibility during emergency situations, so long as certain minimum staffing requirements are satisfied.
