Revised Fiscal Note

(replaces fiscal note dated March 12, 2021)

Drafting Number:	LLS 21-0224	Date:	April 8, 2021
Prime Sponsors:	Rep. Kipp; Mullica Sen. Ginal; Priola	Bill Status:	Senate Local Government
		Fiscal Analyst:	Will Clark 303-866-4720 Will.Clark@state.co.us

Bill Topic: BOARD OF HEALTH MEMBER REQUIREMENTS

Summary of Fiscal Impact:

<input type="checkbox"/> State Revenue	<input type="checkbox"/> TABOR Refund
<input checked="" type="checkbox"/> State Expenditure	<input checked="" type="checkbox"/> Local Government
<input type="checkbox"/> State Transfer	<input type="checkbox"/> Statutory Public Entity

The bill requires members of local boards of health to attend an annual training provided by the Department of Public Health and Environment, and also requires the department to provide guidance on recruiting individuals for local boards of health. The bill increases state expenditures on an ongoing basis.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: This fiscal note reflects the reengrossed bill.

Summary of Legislation

Starting on January 1, 2022, the bill requires members of county and district boards of health to attend an annual training provided by the Department of Public Health and Environment (CDPHE). This training is to be developed by CDPHE along with the Colorado School of Public Health. The bill also requires CDPHE to provide guidance on recruiting individuals for county and district boards of health, in an electronic format, to boards of county commissioners or local boards of health that request it.

Background

The CDPHE provides public health overviews and training as requested to new local boards of health and county commissioners. CDPHE is also responsible for ensuring that local public health agencies operate according to the Public Health Act of 2008 and various state statutes.

State Expenditures

Starting in FY 2021-22, the bill increases workload in CDPHE and the Department of Higher Education.

Department of Public Health and Environment. Workload will increase in CDPHE to update training materials and to provide recruiting guidance as required by the bill. As these functions align with the department's current activities, it can be accomplished within existing appropriations.

Department of Higher Education. The bill requires the Colorado School of Public Health to work with CDPHE to develop annual training for local board of health members. Because CDPHE has existing training that can be modified to meet this requirement, any work required by the Colorado School of Public Health to assist in development of the training is absorbable within existing appropriations.

Local Government

Expenditures will increase for local board of health members to attend an annual training provided by CDPHE. This fiscal note does not estimate the cost of complying with the new training requirement.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
