## Summary of Legislation

This bill modifies requirements for disclaimer statements of independent expenditure committees that accompany election communications. It eliminates the requirement that a disclaimer identify the registered agent of the expenditure committee paying for the communication. For non-broadcast communications, the Secretary of State must establish requirements regarding disclaimer placement and font size. It also requires the Secretary of State to collect information about the registered agent of non-natural persons who make independent expenditures when they submit other required information about expenditures in excess of \$1,000.

## State Expenditures

For FY 2021-22 only, this bill increases costs in the Secretary of State (SOS) by \$15,000, paid from the Department of State Cash Fund. The SOS must make changes to the TRACER system, the state's campaign finance tracking system for candidates and committees, to allow additional information on registered agents to be submitted by non-natural persons making independent expenditures. These system changes will require a contractor to modify reporting capabilities.

## Effective Date

The bill was postponed indefinitely by the House State, Civic, Military and Veterans Affairs Committee on May 20, 2021.

## State Appropriations

For FY 2021-22, this bill requires an appropriation of \$15,000 from the Department of State Cash Fund to the Secretary of State.
