Current Appropriations Clause in Bill

The bill includes an appropriation clause that provides \$1,921,292 total funds to the Department of Health Care Policy and Financing for FY 2021-22, including \$253,117 General Fund, \$19,839 cash funds from local funds, and \$1,648,336 federal funds. This provision also states that the appropriation is based on the assumption that the Department will require an additional 1.8 FTE. In addition, the provision appropriates \$565,614 reappropriated funds to the Office of Information Technology in the Governor's Office.

Points to Consider*General Fund Impact*

The Joint Budget Committee has proposed a budget package for FY 2021-22 based on the March 2021 Legislative Council Staff revenue forecast. The budget package includes a set aside of \$48.0 million General Fund for bills that require General Fund appropriations for FY 2021-22. This bill requires a General Fund appropriation of \$253,117 for FY 2021-22, reducing the \$48.0 million set aside by the same amount.

Future Fiscal Impact

The cost of the bill increases to \$4,416,575 total funds, including \$893,389 General Fund, in FY 2022-23 and \$5,491,248 total funds, including \$959,104 General Fund in FY 2023-24. Expenditures are projected to stabilize by FY 2024-25 at approximately \$4,225,833 total funds, including \$624,056 General Fund.
