Summary of Legislation

The bill removes the \$1.0 million limit for the grant share of individual projects under the Forest Restoration and Wildfire Risk Mitigation Grant Program in State Forrest Service at Colorado State University. The bill also modifies evaluation criteria for awarding grants to show preference for projects that have adopted local mitigation measures and that compliment grant funds.

Assessment of No Fiscal Impact

The bill does not change appropriations and will have no impact on program administration or the amount of grants awarded for wildfire risk mitigation. For this reason, the bill is assessed as having no fiscal impact.

Effective Date

The bill was signed into law by the Governor and it took effect on May 4, 2021.
