handlebars directly connected to the front tire or tires to steer. In removing autocycle from the definition of motorcycle, the bill makes the following clarifications and changes:

- **Section 2** clarifies that the driver of an autocycle need not have a motorcycle endorsement regardless of the autocycle's maximum speed and that all 3-wheel motorcycle drivers need a general or limited motorcycle endorsement;
- Current law requires all motorcycle drivers to wear eye protection unless the motorcycle has 3 wheels, has a maximum speed of no more than 25 miles per hour, has a windshield, and has seatbelts. **Section 3** clarifies that this exception applies to drivers of autocycles, not motorcycles, fitting that description.
- Current law requires a motorcycle driver who is under 18 years of age to wear a helmet unless the motorcycle has 3 wheels, has a maximum speed of no more than 25 miles per hour, has a windshield, and has seatbelts. **Section 4** clarifies that this exception applies to autocycles, not motorcycles, fitting that description.
- Current law imposes a fee of \$4 to register motorcycles for motorcycle operator safety training. Redefining autocycles as not being motorcycles means that autocycle owners will not pay the fee.
- **Section 5** removes the authorization for 2 autocycles to drive abreast in one lane.

**Sections 6 through 31** make conforming amendments.
