An obligation or contract to borrow such money is exempt from the existing requirement that a contract purporting to bind the district to pay any sum in excess of \$500,000 must be ratified by a majority of all the votes cast at a general or special election. Additionally, the district cannot assess landowners to raise money to fund the loans.

A board may adopt rules concerning the issuance of loans to landowners.

**Section 2** requires each irrigation district to include in its annual appropriation resolution all amounts payable by landowners to the irrigation district in accordance with loans issued to the landowners and indicate the amount payable by each tract within the irrigation district for which a landowner has received a loan.

**Section 3** requires a county assessor, in assessing land within an irrigation district, to:

- Apply the information provided in the irrigation district's annual appropriation resolution concerning loans issued to landowners; and
- Assess the additional amount payable for each tract for which the landowner has received a loan.
