**Bill Summary**

*(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)*

The bill allows the state board of human services (state board) to utilize eligibility processes from other public assistance or entitlement programs when promulgating rules for redetermining and verifying eligibility for the Colorado works program (works program).

When determining income requirements for the works program, the bill requires the department of human services (state department) to

use an income conversion ratio for converting weekly and biweekly income to a monthly amount using the lowest ratio or methodology that results in the lowest monthly income amount allowable under federal law.

Current law prohibits a person convicted of a drug-related felony offense from being eligible for assistance under the works program unless the person is determined by a county department of human or social services to have taken action toward rehabilitation. The bill removes the ban on eligibility.

The bill requires the state board to promulgate rules establishing statewide standards and procedures that require counties to offer an extension:

- Beyond the 60-month lifetime maximum for all households that demonstrate good cause, which includes an applicant or participant who is a child-only case, the head of a single parent household and has a child under one year of age, experiencing hardship, or addressing family or medical needs; and
- From work requirements to all households that demonstrate good cause, which includes for an applicant or participant who is the head of a single-parent household and has a child under one year of age, experiencing hardship, or addressing family or medical needs.

The bill requires the state department to annually review and promulgate rules as necessary to update the standard of need to ensure the standard of need is equitable, promotes economic mobility and self-sufficiency, and reflects the current economic status of the state.

The bill requires the state department to disregard any earned income for at least the first 6 months an applicant or participant is employed while enrolled in the works program. The bill requires that the state department determine the amount of earned income that must be disregarded after the first 6 months and ensure a gradual step down of the amount of earned income disregarded and that the appropriate work supports are made available to the applicant or participant.

Current law requires the state department to ensure the amount of a basic cash assistance grant that an applicant or participant receives is equal to or exceeds 102% of the need standard for a participant in a similarly sized household on January 1, 2008. By the 2027-28 state fiscal year, and each state fiscal year thereafter, the bill requires the amount of the basic cash assistance grant to equal or exceed 50% of the federal poverty guidelines established by the federal department of health and human services for a similarly sized household for that fiscal year.

No later than January 1, 2023, the bill requires the state department to begin phasing in the increase in basic cash assistance that is equal to or exceeds 50% of the federal poverty guidelines.

The bill requires a county department to attempt to contact each

participant using each method of communication provided by the participant in order to conduct exit and follow-up interviews upon case closure. The bill expands the purpose of the exit and follow-up interviews to include evaluating the participant's experience with the works program, how well the program met the participant's needs and assisted the participant in meeting the participant's goals, and informing the state department of any changes to rules that are needed to improve the participant's experience.

The bill requires the state department to monitor impacts to counties' workload in the works program and consult with counties regarding additional need for money to administer the works program.

Beginning January 2023, and each January thereafter, the state department is required to submit a report to the general assembly on the effectiveness of the works program.

Current law requires the state board to promulgate rules that require a percentage reduction in the basic cash assistance grant upon the imposition of a sanction affecting the grant, with the percentage to be specified in the rules but not to be less than 25%. The bill requires the percentage not to exceed one dollar.

No later than September 30, 2022, the bill requires the state department to develop an outreach and engagement plan to promote access to the works program for eligible persons.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4           (a) "Temporary Assistance for Needy Families" (TANF), known  
5 as the "Colorado Works Program" (works program), provides financial  
6 assistance and work supports to families living far below the federal  
7 poverty level. The works program should promote family safety, stability,  
8 and self-sufficiency by assisting with job preparation and supporting  
9 career goals and employment. As of fiscal year 2021-22, a parent with  
10 two children must make less than \$421 per month in income to qualify for  
11 a basic cash assistance grant under the works program. The COVID-19  
12 pandemic brought unprecedented hardships and changes to both families  
13 and the works program. Even before the COVID-19 pandemic, families

1 enrolled in the works program were facing the greatest barriers to  
2 financial security and well-being.

3 (b) Families enrolled in the works program are eligible to receive  
4 cash assistance to help meet the family's ongoing basic needs, such as  
5 diapers, food, bus passes, and school supplies. Cash assistance payments  
6 were not adequate at the start of the works program in 1996 and since  
7 payments have not adjusted for inflation, cash assistance has eroded even  
8 further and failed to keep up with the cost of living in Colorado. In 1996,  
9 the amount of Colorado's cash assistance was 32.9% of the federal  
10 poverty level, but by 2021 it had fallen to 27.8% with the maximum  
11 amount of cash assistance for a parent with two children at \$508 per  
12 month.

13 (c) Families can often face a "cliff effect" when the family  
14 receives more income through employment or a raise and then abruptly  
15 has its public assistance reduced or discontinued. Too often families are  
16 left without supports right when they begin to get their feet underneath  
17 them. Reducing the "cliff effect" will incentivize work, help parents stay  
18 employed, and create a smoother off-ramp toward employment,  
19 self-sufficiency, and economic security.

20 (d) Families can be better supported in the works program by  
21 reducing punitive sanctions and overly burdensome work requirements.  
22 While sanctions and work requirements are required by the federal  
23 government, states have some discretion on how to administer those  
24 requirements. Colorado has made some strides in easing these  
25 requirements and can do more to be responsive to families' circumstances  
26 and needs. Sanctions, or financial penalties that are issued when a  
27 participant does not meet the work requirements of the works program,

1 are disproportionately applied to certain families, including families of  
2 color, do not achieve the intended outcome of connecting families to  
3 sustainable employment, and increase the administrative burden on case  
4 managers and counties. Moreover, families who receive sanctions face  
5 the most significant barriers to employment and economic security, such  
6 as a child being hospitalized, domestic violence, lack of a vehicle, or less  
7 work experience.

8 (e) Colorado receives federal TANF funds each year and the state  
9 is permitted to retain a certain amount of unexpended funds for future use  
10 in the event of an economic downturn or caseload growth. Colorado has  
11 two sets of TANF reserves: A state TANF long-term reserve and a TANF  
12 reserve in each county. Although there was severe economic downturn,  
13 including historic unemployment, during the COVID-19 pandemic, the  
14 amount of money in the reserves actually increased in Colorado. The  
15 beginning fiscal year 2021-22 balance of all county TANF reserves was  
16 \$61.2 million and the balance in the state TANF long-term reserve, which  
17 has a mandatory floor of \$33 million, was \$76.2 million. In total, there  
18 was more than \$137 million in TANF reserves in Colorado at the end of  
19 the 2020-21 fiscal year.

20 (f) To support the economic recovery from the COVID-19  
21 pandemic, the department of human services may receive additional  
22 money to support subsidized training and employment. The money may  
23 be used to support current Colorado works participants and individuals  
24 who are eligible for short-term non-recurrent assistance and other  
25 assistance, as defined by the state board of human services, whose income  
26 does not exceed 200% of the federal poverty level.

27 (2) Therefore, the general assembly declares that Colorado must

1 prioritize strategies and investments to remove barriers to employment  
2 and economic security for families and children experiencing extreme  
3 poverty in the state. Colorado should ensure a basic cash assistance  
4 amount sufficient enough to lift families out of extreme poverty and  
5 ensure that it keeps with the rising cost of living; make improvements in  
6 the way the works program serves families, including reducing the "cliff  
7 effect"; elevate family voices in the works program; and improve  
8 outreach and communication about the works program.

9 (3) The general assembly further finds and declares that the  
10 increase in basic cash assistance grants and funding for subsidized  
11 employment established in this act are critical government services.

12 **SECTION 2.** In Colorado Revised Statutes, 26-2-705, **amend**  
13 (2)(a) and (2)(e) as follows:

14 **26-2-705. Works program - purposes.** (2) The purposes of the

7 LAW.

8           (3) A person convicted of a drug-related felony offense under the  
9 laws of this state, any other state, or the federal government on or after  
10 June 3, 1997, ~~shall not be~~ IS eligible for assistance under the works  
11 program. ~~unless such person is determined by the county department to~~  
12 ~~have taken action toward rehabilitation such as, but not limited to,~~  
13 ~~participation in a drug treatment program.~~

14           (4) The state board shall promulgate rules to simplify the  
15 requirements relating to determination and verification of eligibility  
16 criteria. ELIGIBILITY PROCESSES FROM OTHER PUBLIC ASSISTANCE OR  
17 ENTITLEMENT PROGRAMS MAY BE USED WHEN REDETERMINING AND  
18 VERIFYING ELIGIBILITY. WHEN POSSIBLE, THE STATE BOARD IS STRONGLY  
19 ENCOURAGED TO ALIGN REDETERMINATION AND VERIFICATION TIMELINES  
20 WITH OTHER PUBLIC ASSISTANCE OR ENTITLEMENT PROGRAMS. Nothing in  
21 this subsection (4) ~~shall authorize~~ AUTHORIZES the state board to amend  
22 or delete eligibility criteria for participation in the works program that the  
23 board is not otherwise authorized to amend or delete.

24           **SECTION 4.** In Colorado Revised Statutes, 26-2-706.5, **add** (4)  
25 as follows:

18 **contract - waivers for domestic violence - rules.** (5.3) (a) NO LATER

8 other county benefits or services.

9 (2) ~~Repeated.~~ IF THE STATE DEPARTMENT, IN CONSULTATION  
10 WITH COUNTIES, IDENTIFIES ADDITIONAL NEED FOR FUNDING TO  
11 ADMINISTER THE WORKS PROGRAM, THE STATE DEPARTMENT IS STRONGLY  
12 ENCOURAGED TO REQUEST STATE GENERAL FUND MONEY OR, IF THE
