1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) The COVID-19 pandemic has exacerbated the existing gaps
5 between workers with postsecondary education and those with a high
6 school diploma or less;

7 (b) Colorado's unemployment rate is consistently higher for adults
8 without a high school diploma, industry credential, higher education
9 credential or degree, or apprenticeship;

10 (c) The support of Colorado adults and youth in attaining a
11 credential of value is a key strategy for people to earn a job that pays a
12 living wage, and may accelerate the economic recovery from the
13 COVID-19 pandemic;

14 (d) The expansion of nondegree credentials aligned to
15 postsecondary education programs may provide opportunities for workers

1 to upskill and reskill in high-wage, in-demand jobs;

2 (e) The COVID-19 pandemic exacerbated workforce challenges
3 and institutions of higher education were required to pivot and accelerate
4 a response to workforce demands by creating short-term programs to
5 respond to immediate workforce needs. There is a continued need to
6 ensure that these short-term programs have value and transparency and
7 can be incorporated into degree pathways to best serve learner and earner
8 needs;

9 (f) Credentials are increasingly earned by individuals in various
10 stages and settings of their lives and careers, including high school;
11 postsecondary institutions; trade and occupational schools; on-the-job,
12 work-based learning; apprenticeships; and self-study; and

13 (g) Nondegree credentials may be combined with postsecondary
14 programs to create stackable credential pathways that facilitate career and
15 professional advancement when aligned with growing and high-demand
16 industries.

17 (2) Therefore, the general assembly declares that the COVID-19
18 pandemic has generated broad workforce disruption and that programs
19 and services described in this act are necessary for providing better
20 opportunities for economic advancement, such as higher wages and more
21 opportunities for career and educational advancement.

22 (3) The general assembly further declares that the programs and
23 services described in this act are important government services.
