Summary of Legislation

The bill requires the State Treasurer to issue a warrant to the Public Employees' Retirement Association (PERA) for \$303.57 million on July 1, 2022 from the PERA Payment Cash Fund. This amount reflects the suspended direct distribution payment to PERA of \$225.0 million from July 1, 2020, plus an estimate of investment gains that would have accrued on that amount from July 1, 2020, through June 30, 2022.

The estimate of investment gains that would have accrued over two years is based on:

- PERA's actual annual investment return of 25.8 percent in FY 2020-21 (\$58.05 million); and
- on top of the prior year's total, PERA's annual rate of return of 7.25 percent for FY 2021-22 (\$20.52 million).

Background

Senate Bill 18-200 created the requirement for an annual direct distribution to be paid to PERA each July 1 until the unfunded liabilities of the state, judicial, school, and Denver Public Schools divisional trusts are paid. PERA is required to credit these funds proportionally to the relevant divisional trusts based on the reported payroll for each participating division for the prior plan year ending December 31. The direct distribution is paid primarily from the General Fund, but may also come from cash funds—including the PERA Payment Cash Fund created by Senate Bill 21-228, which transferred \$380.0 million to the fund—reappropriated funds, and federal funds. House Bill 20-1379 suspended the July 1, 2020, direct distribution payment to PERA. Senate Bill 22-214, if passed, will transfer \$198.47 million to the PERA Payment Cash Fund.

State Expenditures

The bill will increase state expenditures by \$303.57 million in FY 2022-23 from the PERA Payment Cash Fund to the Office of the State Treasurer for distribution to PERA.

Statutory Public Entity

The \$303.57 million will be credited to the state, judicial, school, and Denver Public Schools divisional trusts and will go toward paying down PERA's unfunded liability. For the 2020 calendar year, the unfunded actuarial accrued liability of the pension reported in their certified annual financial report was \$31.0 billion.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

State Appropriations

For FY 2022-23, the bill requires an appropriation of \$303,570,000 from the PERA Payment Cash Fund to the Office of the State Treasurer.
