Sunset bill. The bill extends the Juvenile Justice Reform Committee until December 31, 2022 to complete various tasks. The bill continues state workload through FY 2022-23.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: This fiscal note reflects the enacted bill.

Summary of Legislation

The bill continues the Juvenile Justice Reform Committee until December 31, 2022, to complete the following tasks:

- determine the population of juveniles who require a validated risk and needs assessment;
- determine the time frame prior to disposition and the regular intervals that the assessment must be conducted;
- establish policies for how the results of the assessment are compiled and shared with parties; and
- identify shared outcome measures that all service providers must track and support.

Finally, the bill makes conforming changes to statute.

Continuing Program Impacts

According to the 2021 sunset report, the Department of Public Safety had costs of \$77,500 in FY 2020-21 only for the committee to hire a consultant. The fiscal note assumes that extending the repeal date by three months will not require additional expenditures for the consultant in order for DPS finish the work of the committee. Therefore, in FY 2022-23 only, workload in the DPS will continue for three months so the committee can complete the tasks identified in the bill. This work can be accomplished within existing appropriations.

Effective Date

The bill was signed into law by the Governor on April 7, 2022, and takes effect on August 9, 2022, assuming no referendum petition is filed, except that sections 3 through 10, concerning the repeal of the committee and conforming amendments, take effect December 31, 2022.
