Bill Topic: **SUNSET CONTINUE REGULATION OF OPTOMETRY**

Summary of Fiscal Impact:	<input checked="" type="checkbox"/> State Revenue	<input type="checkbox"/> TABOR Refund
	<input checked="" type="checkbox"/> State Expenditure	<input type="checkbox"/> Local Government
	<input type="checkbox"/> State Transfer	<input type="checkbox"/> Statutory Public Entity

Sunset Bill. This bill continues the regulation of optometrists in the Department of Regulatory Agencies, which is scheduled to repeal on September 1, 2022. State fiscal impacts include the continuation of the program's current revenue and expenditures, and a minimal one-time workload impact in FY 2022-23. The program is continued through September 1, 2033.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: The fiscal note reflects the introduced bill.

State Fiscal Impacts Under HB 22-1233¹

		Budget Year FY 2022-23	Out Year FY 2023-24
New Impacts			
Revenue		-	-
Expenditures		-	-
Other Budget Impacts		-	-
Continuing Impacts			
Revenue	Cash Funds	-	\$152,376
Expenditures	Cash Funds	-	\$118,165
	Continuing FTE	-	0.8 FTE
Other Budget Impacts	TABOR Refund	-	-

¹ Table 1 shows the new impacts resulting from changes to the program under the bill and the continuing impacts from extending the program beyond its current repeal date. The continuing program impacts will end if the bill is not passed and the program is allowed to repeal.

Summary of Legislation

The bill continues the regulation of optometrists by the State Board of Optometry in the Department of Regulatory Agencies until September 1, 2033. In addition to continuing the regulation, the bill:

- allows the board to expand the definition of the practice of optometry to include services, procedures or treatments within the scope of optometrist training and skills, unless otherwise prohibited by statute;
- requires optometrist's to notify the board of any physical illness, physical condition, or behavioral or mental health disorder that renders the person unable to practice with reasonable skill and safety; and
- removes references to the National Board of Examiners in Optometry.

Continuing Program Impacts

Based on the department's FY 2020-21 revenue and expenditures, the Department of Regulatory Agencies (DORA) is expected to have revenue of \$152,376 and expenditures of \$118,165 and 0.8 FTE to administer the regulation of optometrists. If this bill is enacted, current revenue and expenditures will continue for the program starting in FY 2023-24. This continuing revenue is subject to the state TABOR limits. If this bill is not enacted, the program will end on September 1, 2023, following a wind-down period, and state revenue and expenditures will decrease starting in FY 2023-24 by the amounts shown in Table 1. The changes to the program that drive additional revenue and costs are discussed in the State Revenue and State Expenditures sections below.

State Expenditures

In FY 2022-23 only, the bill will increase workload in DORA to update program rules and conduct outreach. The fiscal note assumes that this work will be minimal and can be absorbed within existing appropriations.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
