Current Appropriations Clause in Bill

The bill includes an provision that appropriates a total of \$80,708 cash funds from the Division of Professions and Occupations Cash Fund to the Department of Regulatory Agencies for FY 2022-23. This provision also states that the appropriation is based on the assumption that the Department will require an additional 1.2 FTE.

Points to Consider*TABOR/ Excess State Revenues Impact*

The March 2022 Legislative Council Staff (LCS) revenue forecast projects a TABOR surplus liability of \$1.6 billion for FY 2022-23 and \$622.6 million for FY 2023-24 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) will increase the TABOR refund from the General Fund. The budget package includes a set aside of \$46.0 million General Fund for ongoing appropriations, (\$40.0 million plus \$6.0 million for a 15.0 percent General Fund reserve) and \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

This bill is estimated to increase cash fund revenues by \$164,241 in FY 2022-23 and by \$333,459 in FY 2023-24, which will reduce the available General Fund in each fiscal year by an equal amount. This bill increases the TABOR refund made out of the General Fund by \$164,241 for FY 2022-23, reducing the \$46.0 million General Fund set aside for FY 2022-23 by the same amount.
