	<input checked="" type="checkbox"/> State Expenditure	<input type="checkbox"/> Local Government
	<input type="checkbox"/> State Transfer	<input type="checkbox"/> Statutory Public Entity

The bill restructures the Board of Commissioners of the Colorado State Fair Authority but does not change the size or responsibilities of the board. It increases state workload in FY 2022-23 only.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: The fiscal note reflects the introduced bill.

Summary of Legislation

Under current law, the Board of Commissioners of the State Fair Authority includes two residents from the county where the state fair is held (Pueblo County), one member from each of seven congressional districts, and one person from the state at large. The bill terminates the terms of the eight members representing congressional districts and the state at large on October 31, 2022, and requires the Governor to appoint eight members representing the four agricultural districts in the state for terms beginning November 1, 2022. The bill also sets requirements for members regarding occupation, agricultural experience, residency, and political party affiliation.

State Expenditures

The bill creates a one-time increase in workload for the Office of the Governor to incorporate the new requirements and make eight board member appointments by November 1, 2022. This can be accomplished within existing appropriations.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
