Summary of Legislation

The Administration Organization Act of 1968 defines state government entities as Type 1 or Type 2, and specifies how powers and duties are transferred when an entity moves from one department to another. The bill simplifies language in these definitions, eliminates the archaic Type 3 transfer, and makes conforming amendments throughout statute for clarity.

Assessment of No Fiscal Impact

The bill modernizes statute and eliminates outdated language. This results in no change to state or local government revenue or expenditures, and the bill is assessed as having no fiscal impact.

Effective Date

The bill was signed into law by the Governor on June 8, 2022, and it took effect on August 9, 2022.
