(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. Under existing law, the office of transportation safety within the office of the executive director of the department of transportation (department) receives funding from money remaining in the law enforcement assistance fund after two required annual appropriations are made to provide funding to local governments that have established a qualified drunk driving prevention enforcement program. However, the

department has not received funding from the first-time drunk driving offender account since state fiscal year 2020-2021.

The bill expands these programs to include both alcohol and drug impaired driving and requires the general assembly to annually appropriate \$1.5 million from the marijuana tax cash fund to the department for allocation to local governments that implement high-visibility alcohol and drug impaired driving enforcement.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds and declares that:

4 (a) Colorado is required to provide funding for alcohol and drug
5 impaired driving enforcement pursuant to state law;

6 (b) Existing funding for alcohol and drug impaired driving
7 programs is decreasing, and the department of transportation anticipates
8 that money for alcohol and drug impaired driving enforcement will be
9 exhausted by the end of state fiscal year 2023-2024;

10 (c) Existing funding through the first time drunk driving offender
11 account and the law enforcement assistance fund for the prevention of
12 drunken driving prioritizes programs that provide ignition locks,
13 breathalyzer analysis, blood testing, and impaired driving public
14 education ahead of high-visibility impaired driving enforcement;

15 (d) In Colorado, alcohol and drug impaired driving enforcement
16 requires twelve episodes of statewide high-visibility enforcement funded
17 by the department of transportation pursuant to section 901 of article 4 of
18 title 43. In state fiscal year 2020-2021, the twelve enforcement episodes
19 resulted in over seven thousand impaired driving arrests;

20 (e) In calendar year 2022, the department of transportation
21 reported seven hundred thirty-six traffic fatalities. Of these, two hundred
22 seventy-one fatalities involved a suspected impaired driver, which is an

1 increase of fifty-four percent from one hundred seventy-six impaired
2 driving fatalities in calendar year 2019; and

3 (f) Without the existing funding, many local governments will not
4 have the ability to pay for increased high-visibility alcohol and drug
5 impaired driving enforcement during high-risk times of the year,
6 including Memorial Day, Independence Day, and New Year's Eve.

7 (2) Therefore, it is in the best interest for the safety and welfare
8 of Coloradans to prioritize state funding for alcohol and drug impaired
9 driving enforcement.
