- Charging pharmacies fees to adjudicate claims;
- Requiring pharmacies to obtain accreditations or certifications that are different than what the PBM requires of its affiliated pharmacies;
- Retroactively reducing a payment made to a pharmacy on a drug claim after the point of sale or reimbursing a pharmacy in an amount that is less than the amount reimbursed to its own affiliated pharmacy for the same pharmacy service;
- Modifying the prescription drug formulary under a health benefit plan during the plan year;
- With regard to audits, using specified techniques in calculating a recoupment or penalty, subjecting a pharmacy to recoupment when a clerical error is discovered, and requiring pharmacies to be audited more than once a year;
- Prohibiting a pharmacy or pharmacist from, or penalizing a pharmacy or pharmacist for, providing information to patients about more affordable, therapeutically equivalent alternatives to a prescribed drug; or
- Requiring a pharmacy or pharmacist to charge or collect a copayment from an insured patient that exceeds the total charge submitted by the pharmacy for the prescription drug.

Additionally, PBMs are required to:

- Provide pharmacies 7 days' written notice before an audit, conduct an audit by or in consultation with a pharmacist, allow the pharmacy to supplement claims documentation, and establish an appeals process;
- Provide an insured individual, the insured's health-care provider, or a third party acting on behalf of the insured or provider with up-to-date and real-time cost, benefit, and coverage information under the terms of the insured's health benefit plan; and
- Provide contracted pharmacies with the list of sources the PBM used in determining maximum allowable cost pricing, update the information every 7 days, allow pharmacies the ability to readily review the information, follow specified requirements when placing a drug on the maximum allowable cost list, and establish an appeals process to resolve disputes.

The bill specifies that the commissioner of insurance (commissioner) has the power to enforce these prohibitions and requirements and impose penalties on PBMs for failing to comply with these prohibitions and requirements.

Additionally, the bill requires:

- PBMs to register with and pay a registration fee to the commissioner; and
- Health insurers to pay a fee when filing with the commissioner their list of PBMs they use for prescription drug benefits administration.

The fees imposed under the bill are to be used to fund the costs of the division of insurance in enforcing requirements and prohibitions on PBMs.
