(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The bill makes changes to the hospital community benefit and imposes certain requirements on the public presentation of each hospital's community implementation plan. The bill requires each hospital to:

- Solicit feedback from the community during each annual presentation of its proposed community benefit implementation plan for the following year;

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment. Capital letters or bold & italic numbers indicate new material to be added to existing law. Dashes through the words or numbers indicate deletions from existing law.
• Submit a report that details who attended the public meeting, the topics discussed at the meeting, and any decisions made as a result of the discussion;
• Make the report available to the public; and
• Complete a community benefit implementation plan that addresses the needs described in the reporting hospital's community health needs assessment and includes an explanation of the community served by the hospital.

The bill requires the state board to promulgate rules governing the accessibility standards for the public meetings and to implement best practices to ensure public engagement from a diverse range of populations.

The bill requires the department of health care policy and financing (state department) to:
• Include in its annual report a summary of the estimated federal and state tax exemptions made by each hospital;
• Establish a minimum annual community investment target based on certain calculation standards; and
• Set requirements for compliance, and allows the state department to take remedial action if a hospital fails to comply with the hospital community benefit requirements.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) Colorado's nonprofit hospitals are exempt from local and state sales and property taxes and are exempt from state and federal income taxes. In addition to tax exemptions, a hospital's nonprofit status allows the hospital to benefit from tax-exempt bond financing and to receive charitable contributions that are tax-deductible to the donors. These tax exemptions save Colorado's nonprofit hospitals millions of dollars of tax liability each year.

(b) Colorado's largest urban and system-affiliated nonprofit hospitals realize profits after community benefit spending, and these profits incur no taxes;
(c) The tax exemption policies provide significant financial benefits to nonprofit hospitals. In exchange for the tax exemptions, nonprofit hospitals assume a social obligation to provide community benefits of public interest.

(d) To meet the social obligation, nonprofit hospitals must be transparent about their community benefit spending and must be held accountable to their communities. Nonprofit hospitals must ensure that their community benefit spending meets the needs expressed by community members.

(2) Therefore, the general assembly hereby finds and declares that detailed, consistent, and public reporting of Colorado's nonprofit hospitals' community benefit spending is necessary for all communities served by hospitals to understand the breadth and amount of hospital community benefit spending and the impact that spending has on the health of Coloradans.

financing will receive this amount of federal funds, which is subject to the "(I)" notation as defined in the annual general appropriation act for the same fiscal year.

This appropriation is from reappropriated funds received from the department of health care policy and financing under subsections (1) and (2) of this section and is based on an assumption that the department of revenue will require an additional 1.0 FTE. To implement this act, the department of revenue may use this appropriation for personal services.

This act takes effect at 12:01 a.m. on the day following the expiration of the ninety-day period after final adjournment of the general assembly; except that, if a referendum petition is filed pursuant to section 1 (3) of article V of the state constitution against this act or an item, section, or part of this act within such period, then the act, item, section, or part will not take effect unless approved by the people at the general election to be held in November 2024 and, in such case, will take effect on the date of the official declaration of the vote thereon by the governor.
