Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill establishes the universal high school scholarship program (program) in the office of economic development (office) to provide scholarships for the 2024-25 academic year to students who pursue an in-demand or high-priority postsecondary pathway, including degrees, certificates, and registered apprenticeships, with a provider on the eligible

training provider lists disseminated by the department of labor and employment, a provider in the Colorado state apprenticeship resource directory, a public or private institution of higher education operating in Colorado, or an organization approved by the office (service providers).

The office, or a vendor contracted by the office, administers the program. The office shall develop policies and procedures necessary to administer the program.

A student is eligible for the program if the student graduated from a Colorado high school or was awarded a high school equivalency credential during the 2023-24 academic year; completes the free application for federal student aid or the Colorado application for state financial aid; and did not receive a grant from the Colorado opportunity scholarship initiative.

Scholarships are awarded in the following priority: To all eligible students who intend to enroll at a service provider to pursue an in-demand or high-priority postsecondary pathway, then to other eligible students who intend to enroll at a service provider. Each scholarship award is for up to \$1,500. Scholarship money is distributed to the service provider for use by the student for tuition, fees, and books.

The bill requires the office to contract with vendors to provide postsecondary and career advising at schools identified by the office.

The bill requires the general assembly to appropriate \$25 million for the program.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) Colorado has one of the most talented workforces in the
5 country, but there are not enough workers with the skills and training
6 needed for jobs vacant now or in the future. There are currently two
7 available jobs for every unemployed person in the state.

8 (b) Many available jobs in Colorado require a postsecondary
9 education and training, but there are significant declines in high school
10 graduates taking advantage of postsecondary education and training
11 programs, with a ten percent decline from the 2019-20 academic year to
12 the 2020-21 academic year;

1 (c) To begin to address the decline in participation in
2 postsecondary education, Colorado must invest in homegrown talent,
3 ensure the skills that Coloradans are being trained in match those that our
4 industry partners require, and establish a deeper connection between
5 talent development and industry needs. Colorado must prioritize the
6 modernization of education to be more responsive to our business needs,
7 as Colorado's industry partners are at the center of co-creating talent with
8 education through apprenticeship and on-the-job training to accelerate
9 skill development and secure in-demand skills.

10 (d) In recent years, Colorado has seen innovative partnerships
11 between our educational institutions and employers that have led to
12 quality career pathways for Colorado workers, and through Opportunity
13 Now Colorado, the state is supporting these pathways at a regional level
14 to meet the unique economic needs of every Colorado community;

15 (e) The universal high school scholarship program will build on
16 prior initiatives to support recent graduates and equivalent completers to
17 gain the skills needed to succeed in Colorado's high-demand career
18 pathways. It will strengthen Colorado's workforce by helping students to
19 identify and execute the postsecondary path that is right for them.

20 (f) The universal high school scholarship program will support all
21 Coloradans to build and follow through on a postsecondary plan by
22 reducing financial barriers to a wide selection of postsecondary
23 opportunities, connecting graduating seniors to college and
24 career-planning support, and elevating pathways to Colorado's most
25 in-demand careers, both statewide and regionally.

26 **SECTION 2.** In Colorado Revised Statutes, **add** part 5 to article
