Summary of Legislation

Conditional on voter approval of a constitutional amendment to section 3.5 (1.5) of article X of the state constitution, the bill makes conforming statutory changes. In addition, the bill also requires a veteran who has “individual unemployability status” to be treated equivalently to a veteran who has one hundred percent permanent disability when determining eligibility for any state veterans benefit.

Assessment of No Fiscal Impact

Conditional on voter approval, the bill makes conforming statutory changes, therefore the bill is assessed as having no fiscal impact. The fiscal impact of the changes associated with the constitutional amendment is included in the fiscal note for HCR 23-1002. It is assumed that making “individual unemployability status” equivalent to 100% disabled status in state law will not significantly affect any state programs or services for veterans, other than the homestead exemption.

Effective Date

If a constitutional amendment to section 3.5 (1.5) of article X of the state constitution is approved by voters at the November 2024 general election, the bill takes effect January 1, 2025.
