<b>Transfers</b>		-	-
<b>Other Budget Impacts</b>	General Fund Reserve	\$15,000	-

---

## **Summary of Legislation**

The bill requires the Department of Corrections to contract with a third-party organization to develop and study strategies for implementing a pre-release and reentry program at the Sterling Correctional Facility by August 1, 2023. The organization must consult with facility residents to design a program that provides participants with resources to support rehabilitation and to reduce recidivism upon release from the Sterling facility. The contractor must conduct an implementation study to evaluate the costs, challenges, and benefits of the program, and report recommendations to the General Assembly on December 31, 2023. By September 1, 2024, and subject to available appropriations, the DOC must operate the program developed by the contractor until September 1, 2029.

## **State Expenditures**

In FY 2023-24 only, the bill will increase expenditures in the DOC by \$100,000 to contract with a third-party organization. This amount is based on contractor costs in the DOC for prior legislation. In addition, workload to the DOC will increase to modify computer programming to collect data points required by the bill. This work can be accomplished within existing appropriations. Starting in FY 2024-25, expenditures in the DOC may increase to implement the recommended program. Because costs are dependent on recommendations presented by the third party, the fiscal note cannot estimate impacts of administering the program. Any required increase in appropriations will be requested through the annual budget process.

## **Other Budget Impacts**

**General Fund reserve.** Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by the amounts shown in Table 1, decreasing the amount of General Fund available for other purposes.

## **Effective Date**

This bill was signed into law by the Governor and took effect on June 2, 2023.

## **State Appropriations**

For FY 2023-24, the bill requires and includes an appropriation of \$100,000 from the General Fund to the Department of Corrections.
